## PENNSYLVANIA FLOODS SWEEP SCORES TO DEATH

Desolation and Ruin Left in Wake of  
Great Storms in East

(Continued from Page 1.)

before the district had recovered from more than twenty-four hours of torrential rains on Sunday, and the heavy streams soon were out of their banks.

**DUNBAR INUNDATED.**  
Dunbar, near Connelville, was inundated. The waters rushed through the main streets, upsetting massive structures and endangering the lives of hundreds of persons. A cloudburst was the cause, although it is thought a dam broke.

The Turtle Creek Valley was visited by a disastrous flood, and the damage is enormous. Crops were blotted from the earth.  
Railroad traffic through a great territory is demoralized. With four connections into Uniontown the Pennsylvania railroad was unable to get passengers into the city early today. Several railroad bridges of that system and the Baltimore & Ohio were torn from foundations thought impregnable and hurled into the maddened waters.

Thousands are suffering. Towns are cut off from railroad, mail, telephone and telephone connections. From West Virginia no reports can be secured by the weather bureau, for almost every wire from that state is down.

**STORM CREATES HAVOC.**  
In this city the storm created havoc, but while streets were flooded and traffic delayed, the damage was not heavy. It was in coke regions that the fury of the storm seemed to have been spent. Uniontown, Dunbar, Lemont, Mount Braddock and Connelville all were inundated, and great damage was suffered.

The greatest loss of life was due to the flooding of the Superba mine at Evans, nine miles from Uniontown. Fifteen miners are now being sought, the known death of a foreign miner having increased last night's toll.

## ROSENTHAL CASE NEARS SOLUTION

Chauffeur of "Murder Car" Is  
to Confess to N. Y.  
Police.

(Continued from Page 1.)

Costigan and Reilly, who also had responded to invitations to the night of the grand jury, were not present.

**EFFORTS BALKE.**  
Efforts to discover the identity of the man who plotted Rosenthal's death have been balked for the time by the failure of the police to round up the gang to which they are thought to belong.  
With the exception of Harry Vallon not one of the gray automobile's passengers has been arrested since the killing nine days ago. Efforts to continue today the investigation into the gambling charges made by Rosenthal and probably will recall Otto Aversel the chauffeur who drove Police Lieutenant Becker around town the night of the murder. It has been learned that Aversel, after his recent testimony before the grand jury hurried to Becker and told him all that he testified.

Police Inspectors Day and Lacey and Captain Daly are under subpoena to appear today. There are no indications that Police Lieutenant Becker has decided to waive immunity.  
**FINGER PRINTS TAKEN.**  
One line of investigation of the murder developed today is through finger prints taken several days ago from the doors of Louis Libby's gray automobile, used by the gambler's slayers. These have been compared with the prints of Frank Miller, alias "Whiskey" Lewis, Frank Murate, alias "Dago" Frank; Louis Marks, alias "Lefty" Louis; Harry Horowitz, alias "Gyp the Blood," and Samuel Schapp, all of which are parts of the records of the detective bureau. The result of the comparison has not been made public.

Ten-dollar bank notes are declared never to have been so plentiful among certain habitués of the section near Broadway and Forty-second street as within the last few days, since investigators, public and private, have been trying to round up witnesses of the killing. The plethora of cash seems to have induced a state of suspended memory on the part of the chauffeurs, newboys, hangers-on of various resorts and others who might be supposed to have knowledge of the incidents of the crime of events in connection with it that preceded it followed. The report was current today that persons who are interested in seeing that a minimum of evidence is offered had been around with a "dough bag" and had provided for all who even asserted they knew anything about the tragedy.

**WAS POLITICAL BOSS.**  
Herman Rosenthal, the murdered gambler, gave to Governor Dix the greatest majority the Democratic candidate received in any single district in the election of 1910. Rosenthal was the Tammany leader in the Ninth assembly district and when all the votes had been counted that district proved to be the Democratic district of the entire state. The vote count—or at least counted—for all the other candidates against Governor Dix in that district did not number a dozen.

Rosenthal was known as a great rancor of that party when some of the East Side districts which had been controlled by Tammany leaders were received in the city. He had an inclination to seek a new political base of the race that had driven out the population of past years.

"He bit the hand that fed him," said Teddy of Big Bill, and didn't tell us if the bite had made the biter ill.  
Now had Toastie been the subject of Bill's voracious bite He'd have come back for another with a keener appetite.

total by one. Three are missing among the employees of Lemont Mine No. 1 of the C. C. Frick Coke Company, whose nine-foot vein underlies the Superba workings.

**RUIN IN MINES.**  
Those who have penetrated the Superba mine come out with reports of almost indescribable ruin.  
It looks as if there had been an explosion of terrific force, said Frank Taggart, who accompanied Mine Foreman Gauder. The water simply ripped up the tracks and twisted and bent the rails in all sorts of shapes, in some places forming an almost impassable barrier. Supports were torn out and water filled the heading to the roof.

Gauder said the mine was completely flooded to a point about 200 feet from the surface opening.  
Admittedly the death list will not be known for many days to come. A large number of mines were flooded in a short space of time. Dunbar is the center of desolation. The flood waters swept away homes and buildings, besides doing damage to mines, furnaces and coke plants, and spread terror into the hearts of thousands.

The flood came about 2:15 p. m. It had a dramatic announcement in the business section when it arrived with terrific suddenness.  
J. W. Fanner of the Central hotel was at his desk when the telephone rang. On the other end of the line was Albert Dunne, the bookkeeper of the A. V. Purnell limestone quarries, two miles above the town.  
"There's an awful flood coming. Warn the people. All the dams above here have burst," Dunne shouted to Fanner, who dropped the receiver and rushed into the street. With all the strength of his lusty lungs Fanner shouted to the people in the streets to run for their lives to the hill side.

The alarm spread like wild fire and in an instant buildings and stores were evacuated by droves of people who rushed pell mell for safety on high ground.

**WARNING JUST IN TIME.**  
The warning came none too soon. Fanner says it was one of the "quickest rushes of water imaginable." In no time Dunbar creek was swirling fifteen feet above its normal level, undermining the tracks of the West Pennsylvania Railway Company where they cross the creek. The Baltimore & Ohio tracks alongside were lifted and the abutment was loosened. Less than a hundred feet below the Pennsylvania railroad bridge was torn from its abutment and with the tracks, carried away.

Among the buildings caught in the swirling current were the city hall, a two-story frame building on Railroad street. The Nelman Drug Company where they cross the creek. The Baltimore & Ohio tracks alongside were lifted and the abutment was loosened. Less than a hundred feet below the Pennsylvania railroad bridge was torn from its abutment and with the tracks, carried away.  
The buildings caught in the swirling current were the city hall, a two-story frame building on Railroad street. The Nelman Drug Company where they cross the creek. The Baltimore & Ohio tracks alongside were lifted and the abutment was loosened. Less than a hundred feet below the Pennsylvania railroad bridge was torn from its abutment and with the tracks, carried away.

**FLOOD ABATES.**  
WATSON, Wis., July 25.—After heavy rains for several days, the flood and destroyed many thousands of dollars' worth of property the flood in the Wisconsin river abated today and residents here were hopeful that work of devastation is over. It is estimated the property loss would not exceed \$100,000.

## NOTED MARINER IN ETERNAL PORT

Captain John Hitchfield Passes  
Away at Home in This  
City.

Captain John Gordon Hitchfield, well known on both sides of the bay, died at his home, 1244 Eleventh avenue, Tuesday night, from the effects of heart disease and kidney trouble, aged 46 years.  
Decedent was born at Chatham, Devonshire county, England. He was the son of the late John P. Hitchfield of the Britton Hotel, Boston, and from that time his life was practically associated with the Pacific. He owned vessels trading with that port and the coast of the south seas the islands known respectively as the Hitchfield reefs and Hitchfield island and were discovered by him.  
Hitchfield was well known in Australia, where he spent a number of years. He instituted the mail system through the New Hebrides, Ellice and Gilbert groups of islands. He returned to America again in 1903 and served as chief officer under Captain Rinder when the latter was commissioned to bring the Monrovia to this coast from Newport News. He made several trips to and from China on that vessel, and finally retired from the life of an ocean sailor.

He was a member of Golden Gate Lodge of Masons and of Pyramid, No. 1, of the Ancient Egyptian Order of Solos, under whose auspices the funeral will be conducted. The services were held at Old Fellows' Hall, Seventh and Market streets, San Francisco, this afternoon. Interment will take place at Green Lawn. The deceased is survived by his wife, Louise N. Hitchfield, and one daughter.

## WIDOW'S SEVEN SMALL CHILDREN ARE HER DEFENSE AT TRIAL

'IS THIS YOUR FAMILY OR A SCHOOL?' ASKS JUDGE WASTE

MRS. CAROLINE TOSSI and her children. Mrs. Tossi faces a felony charge preferred by a money-lender.

## Woman Who Was Arrested by Money Lender Says She Gave \$100 Note for \$75 and Agreed to Pay 36 Per Cent Interest

When Mrs. Caroline Tossi, a widow, appeared in court this morning to answer to a charge of obtaining money under false pretenses from a loan shark, she brought with her a defense that paralyzed the prosecution.  
Behind Mrs. Tossi as she walked into court to fight against the penitentiary, walked Daisy Tossi, aged 2; next came Leslie Tossi, aged 4; then came Elsie Tossi, aged 6, followed by Freddie Tossi, aged 8, followed by Annie Tossi, aged 12, and with Hazel Tossi, aged 16, bringing up the rear of the procession. Mrs. Tossi explained that George Tossi, aged 17, was working.

"Is this your family, or a school?" inquired Superior Judge Waste.  
**CHILDREN ARE GAY.**  
"It's my family, your honor," replied Mrs. Tossi, and she swung them along the lower step of the altar of justice, where they wriggled and giggled throughout the proceedings in all the glory of clean faces and kiddie-dance ribbons.

The "crime" with which the mother was charged was in including a piano, which she had not yet paid for, in the

security she gave for a \$100 loan obtained from Miss Mary Alliss, Tenth and Webster streets, who makes a lucrative business lending money on chattel mortgages.

**\$75 FOR \$100 AND THEN SOME.**  
Mrs. Tossi told the court that when her children were sick, she did not know what else to do but borrow money on the small stock of family furniture. She obtained \$75 from Miss Alliss and signed a note for \$100, agreeing to pay in addition 36 per cent a month on the larger sum.  
The mother worked in a cannery and the eldest son and daughter also worked but there were many mouths and Mrs. Tossi found it a difficult task to keep up the interest on the loan.  
She told the court that when she failed to pay the interest the second month, Miss Alliss started in foreclose and refused to accept \$10, with the promise of more, insisting that the whole sum be paid. When Miss Alliss discovered that title to the piano still rested in the firm from which the mother was buying it for her children, she had Mrs. Tossi arrested for obtaining money under false pretenses.

Attorney J. J. Rose, Jr., heard of the

## Free Lunch Referendum May Be Invoked in South

LOS ANGELES, July 25.—Notice was served upon the city council today by those opposed to the abolishment of the free lunch in saloons that unless the ordinance was modified so as to permit the serving of lunches between certain hours at least a referendum would be invoked and thus prevent the ordinance from becoming effective.

Acting Mayor Williams signed the law yesterday and in the ordinary course of things it would be in effect August 23. The free lunch advocates asserted they had had enough signatures to a petition to nullify the ordinance. An attempt at modification will be made at the next meeting of the council.

## Washington Hears Rumors Of Changes in the Cabinet

WASHINGTON, July 25.—Treasury department officials are not inclined to say they believe the report that William Loeb Jr., collector of customs at New York and former secretary to ex-President Roosevelt, is about to resign to join Roosevelt's new party. Reports of impending

changes in the Cabinet continue. Secretary Nagel is the latest mentioned. The secretary has told friends he would not serve after March 4 should Taft be re-elected, and so has Attorney General Wickham. This is believed to be the basis for the most recent reports that they are to retire.

## Couldn't Claim Fortune Until He Had Claimed Bride

RICHMOND, July 25.—Jeremiah J. O'Grady and Miss Annie L. Fischer were married here today at St. Mark's Catholic Church. The bridegroom can now claim the large estate left by his mother, who died in this city some time ago. She willed all her property

to her son, but provided that he should not come into possession until he bought a marriage license and showed up at the Superior Court with a bride. The young couple will make their home in Marysville, where O'Grady is connected with the Northern Electric Company.

## Supposed Maniac Stabs Foreman and Makes Escape

SAN LORENZO, July 25.—Believed to have suddenly become insane, Joseph DeVaccie, a ranch hand employed on the Fred Stenzel ranch, stabbed the foreman with a large dirk this morning and was with great difficulty prevented from killing the man

by other employees. DeVaccie then escaped from the ranch house and is believed to be wandering around the neighborhood. A warrant has been sworn out for his arrest and Constable Manuel Borge has been notified.

## Physician Testifies To Mrs. Bell's Fears

SAN FRANCISCO, July 25.—The inquest in connection with the death of Mrs. Phyllis M. Bell began this morning before Coroner T. R. W. Leelan. Mrs. Bell died at a sanitarium, on July 7, of alcoholism, according to the city chemist. Dr. Sullivan, who was Mrs. Bell's physician for a long time, testified that she was afraid of her husband, Fred Bell, and Daniel McCorgan, who had made loans and advanced money on the \$3,000,000

## Close Chamber of Deputies, Is Demand

CONSTANTINOPLE, July 25.—Turkish military officials lodged a demand with the president of the Chamber of Deputies today that the chamber be closed within twenty-four hours.

LA AMITA

## WHAT ARE YOUR TEETH WORTH?

A noted physician says that if he were called upon as a juror to estimate the value of sound teeth he would place the valuation at not less than \$1000 per tooth.  
If your teeth are worth anything at all they are certainly worth keeping in good condition. Don't get the idea that dentistry is a useless expense. Remember, you've got to eat and you must have teeth to chew your food with.

People who keep away from the dentist because of the dread of pain no longer have an excuse for neglecting their teeth. Terrysthesia, my marvelous new discovery, positively does away with the last vestige of pain in all dental operations. You don't need to suffer while having a sensitive tooth filled or crowned. Terrysthesia makes it possible for you to enjoy perfect comfort every minute that you sit in my chair.

Just think of the torture you have had to endure in the past and then consider what my Terrysthesia method means to you.

Once you have experienced the delight-

ful freedom from pain which I offer you I know that you will never allow any other dentist to work on your teeth. I've made dentistry painless in the fullest sense of the term and all I ask is an opportunity to prove my claims to you.

If some of your teeth are missing, even if there are only two or three and teeth left in your jaws, I can replace those you have lost by my Rex Alveolar method, without using plates or bridgework.

Rex Alveolar teeth are the most natural looking and durable teeth that dental science has produced. They are put in the jaws to stay and they can't wobble around or fall out. They are thoroughly sanitary, having no recesses to become clogged up with food, and you can use them just as you would your own teeth.

Come in and let me tell you more about my methods. I'll be glad to examine your mouth, free of charge, and estimate the cost of any work you may need, without obligation on your part. Consultation free to all.

Hours 8:30 to 5:30; Sundays, 10 to 11.

Those who cannot call should write for the free book explaining my Terrysthesia and Alveolar methods.

## TRUST FOUGHT SMALLER RIVALS

Letters From Havemeyer Tell  
of Plans to Block  
Competition.

SAN FRANCISCO, July 25.—Additional evidence tending to show that the sugar combine resorted to vigorous measures to block competition in the open market was offered today in the hearing as a part of the government suit begun two years ago in New York to determine the extent of the control exercised by the American Sugar Refining and the Havemeyer interests in the sugar industry.  
Assistant Attorney-General James R. Knapp produced letters which were admitted in evidence by Special Examiner Bruce in which Havemeyer discussed with his representatives the encroachments of independent firms upon the trust's territory, and the best methods of blocking the progress of the smaller companies.

## Two Anti-Recall Meetings Scheduled

Neighborhood anti-recall meeting arranged by Mrs. Nellie Nelson, a member of the executive committee of the Woman's Good Government Club, will be held tomorrow evening at the home of Mrs. S. E. Gimmet of 725 Linden street, and Tuesday evening at the residence of Miss Katherine O'Connor, 536 Poplar street.

In these days of high cost of living, a medicine that gets a man up out of bed and able to work in a few days is a valuable and welcome remedy. John Heath, Michigan Star, Cal., had kidney and bladder trouble, was confined to his bed, unable to turn without help. "I commenced using Foley Kidney Pills and can truly say I was relieved at once. This example is worth following. Webster's Drug Store."

## PIEDMONT PARLOR TO RAISE FUNDS

Big Annual Picnic and Family  
Outing to Be Held in  
Niles Canyon.

To raise funds for the Admission Day celebration at Stockton on this year Piedmont Parlor No. 120, N. S. G. W., will hold an annual picnic and family outing at Fernbrook Park in Niles Canyon, Sunday, July 28. Trains leave First and Broadway at 9:45 a. m.

Fernbrook Park is one of the many scenic spots of Alameda county and an ideal picnic park. The features of the day will be dancing, races and games, besides other side amusements for the little folks. The races will be under the supervision of Frank Barnet.

## TWO EXONERATED OF CHARGE BY POLICE

Vere Williams and Clarence Jones, a school boy, who were taken into custody with G. A. Fitzgerald, alias McDonald, in connection with the taking of an automobile, July 21, the property of W. H. Smith, have been released, as the police ascertained that they had no knowledge that Fitzgerald was not authorized in taking the automobile. Fitzgerald had been charged with taking and using an automobile without the permission of the owner and will be tried before Judge Mortimer Smith next Monday.

## OAKLAND SHRINERS WILL MAKE STOCKTON PILGRIMAGE SATURDAY

Aahmes Temple band, the members of which will be in the pilgrimage of the Oakland Shriners to Stockton on Saturday next.

Aahmes Temple, Mystic Shrine, will leave Saturday on a pilgrimage to Stockton, where it will conduct a ceremonial session for the purpose of initiating candidates. A special Western Pacific train, made up of a baggage car, club car, three coaches and an observation car, will leave the depot at Third and Washington streets at 2 o'clock Saturday afternoon, arriving in Stockton at 4:45 o'clock. The train will leave Stockton at 4:45 o'clock and return to Oakland at 6:45 o'clock. Special round trip rates of \$2.55 are offered, good only on the special train.

Following is the order of business after the arrival in Stockton: 5 p. m., parade 6 p. m. to hotels, 7-15 p. m., novices report to recorder; 7:30 p. m. temple opened 8 p. m. initiation, 10:30 p. m., traditional banquet.

The Stockton committees are as follows: Executive, Carlisle C. Case, John M. Perry, George W. Leister, Arthur G. Ross, parade, O. S. Henderson, G. W. LeMoine, M. S. Arndt, T. A. McCan, J. M. Blodgett, banquet, J. M. Perry, M. E. Thompson, W. P. Mander, Ben O. Johnson, reception, J. B. Henderson, E. C. Stewart, J. T. Langford, B. J. Powell, D. R. Payne, W. G. Dozier.

The officers of Aahmes temple are as follows: W. Bliger, illustrious potentate, Ben O. Johnson, chief rabban, George S. Meredith, assistant rabban, Charles H. Campbell, high priest and prophet, Herbert F. Seller, oriental ruler, J. A. Ford, treasurer, Ed. H. Morgan, recorder, F. J. Matthews, first ceremonial master, Clarence S. Merrill, second ceremonial master.

Charles Chubb, marshal, George F. Toye, director, George St. Pierre, assistant director, H. B. Wharton, captain of the guard, T. Bradshaw, outer guard, C. F. Orra, master of properties, C. P. Davies, master of robes, F. D. Voorhes, director of scenic effects, Walter J. Peterson, inspector, G. N. Closs, M. D., chief orator, J. R. D. Mackenzie, assistant orator, A. W. Evans, chief salamanders, E. R. Pechyew, J. M. Pedrum, H. Wachs and W. B. Brazelton, assistant salamanders, B. E. Schatz, official photographer, Otto Riehl, official historian, George S. Dyer, C. F. Orra, A. Gents and Carl H. Reuter, electricians, Major Charles T. Poulter, captain of Arab patrol, W. T. Fiedrich, bandmaster of Aahmes band, representatives to imperial council, F. W. Bliger, Ben O. Johnson and George S. Meredith.

Charles Chubb, marshal, George F. Toye, director, George St. Pierre, assistant director, H. B. Wharton, captain of the guard, T. Bradshaw, outer guard, C. F. Orra, master of properties, C. P. Davies, master of robes, F. D. Voorhes, director of scenic effects, Walter J. Peterson, inspector, G. N. Closs, M. D., chief orator, J. R. D. Mackenzie, assistant orator, A. W. Evans, chief salamanders, E. R. Pechyew, J. M. Pedrum, H. Wachs and W. B. Brazelton, assistant salamanders, B. E. Schatz, official photographer, Otto Riehl, official historian, George S. Dyer, C. F. Orra, A. Gents and Carl H. Reuter, electricians, Major Charles T. Poulter, captain of Arab patrol, W. T. Fiedrich, bandmaster of Aahmes band, representatives to imperial council, F. W. Bliger, Ben O. Johnson and George S. Meredith.

## GETS DISCHARGE FOR SMUGGLING

Employee of Customs House Is Dismissed Because of Opium Traffic.

SAN FRANCISCO, July 25.—United States Customs Surveyor John G. Matton Jr. received a letter from the secretary of the treasury yesterday notifying him that Theodore K. Romaine, an examiner of merchandise in the appraiser's store, had been dismissed from the government service for smuggling opium from the steamer Manchuria.

Romaine was appointed to the position of examiner in the appraiser's store by his father-in-law, John T. Dare, the predecessor of Appraiser Matton. He was a great favorite among the customs employees, and the news of his disgrace came upon them like a thunderbolt. Romaine is a hopeless invalid and must stand trial before a jury in the United States District Court on the charge of smuggling.

Acting Customs Collector William B. Hamilton yesterday detailed Chief Boarding Officer Charles A. Stephens to investigate the cases of John Killema, H. G. Crafts and S. G. Miller, the customs watchmen stationed in and about the Manchuria when Charles F. May and Otto Jentur smuggled 185 lbs. of opium from the vessel a few nights ago. They have been charged with negligence and with deserting their posts. The examination will begin at 10:30 next Saturday morning. Up to a late hour yesterday afternoon Killema could not be found by the person detailed to serve the summons upon him.

NOTED ART EXPERT DIES.  
TARRYTOWN, N. Y., July 25.—Professor John A. Paine, formerly curator of the Metropolitan Museum of Art in New York city and a well-known archaeologist and author, is dead at his home here, aged 62 years.

HISTORIAN ILL.  
LOUISVILLE, July 25.—Colonel Reuben B. Darriett, historian of note, is critically ill at his home here.

LA AMITA

## SEES SOLUTION OF PROBLEM IN HOME

Probation Officer Christopher Ruess Pleads for Child Welfare.

"The number of children in juvenile courts and detention homes depends much more on the theories upon which juvenile court workers proceed than upon the size or wickedness of a community," said Probation Officer Christopher Ruess today in his study of the juvenile court problem in Los Angeles and vicinity.

"Los Angeles county has twice the population of Alameda county, but about five times the number of children in its juvenile court. In addition to this, the public schools maintain eight special schools to keep children out of the juvenile court, and the police department maintains a juvenile bureau with two men and two women in it for the same purpose. The reason for this is not the size or wickedness of Los Angeles county, but the theory that the juvenile court is good for children.

"In Alameda county, fortunately, we have had rotation of judges in the Juvenile Court, so that in five years the probation office has had the benefit of the supervision of four different judges, and the sheltering of four different points of view. Judges Melvin, Wells, Brown and Ogden, who have served in succession as Juvenile Court judges, have prevented the undue exaggeration of the Juvenile Court, and have made it err, if at all, on the side of conservatism.

"Los Angeles has a detention home, which with equipment has cost \$125,000, and contains sixty-nine rooms, with seven acres of land attached. Yet segregation and economy are not achieved and cannot be, so long as infants and merely unfortunate children, who might be cared for in selected private families at less expense, are housed in a detention home. I believe that with the development of the golden rule spirit toward the child, already strong in the Oakland police department, and for years formally established under Chief Vollmer in Berkeley, we shall be able in this county to get along with a comparatively small detention home and a good police force.

"In regard to a forthcoming engagement announcement, I have mentioned Miss Claire and Margaret (Andrews), young Astor said:

"I am not engaged and have no present intention of becoming engaged. I shall be abroad six weeks, during which time I shall take a motor tour of Germany with my mother and sister. After a visit to Baden I intend to return to New York. Owing to the pressure of business cases I shall not return to Harvard next

## ASTOR DEPARTS FOR VISIT WITH MOTHER

NEW YORK, July 25.—Vincent Astor, who left for Europe at 4 o'clock yesterday morning to pay his long intended visit to his mother, Mrs. Ava Willing Astor, and his sister Muriel in London.

In regard to a forthcoming engagement announcement, I have mentioned Miss Claire and Margaret (Andrews), young Astor said:

"I am not engaged and have no present intention of becoming engaged. I shall be abroad six weeks, during which time I shall take a motor tour of Germany with my mother and sister. After a visit to Baden I intend to return to New York. Owing to the pressure of business cases I shall not return to Harvard next

Wrinkles as well as habbiness about the chin or elsewhere.

Eloise says: "My freckles are worse than ever this year. Made doubly conspicuous by a pallid complexion. Is there any cure? Ask your druggist for an ounce of mercuric wax applied nightly like cold cream, removing at the morning with warm water. As the wax gradually absorbs the lifeless cuticle, not only will the freckles vanish, but the new and younger skin which appears will have a healthy color. Probably you will need to continue treatment a week or more—Woman's Realm.

## WANTED: TECHNOLOGIST AND METALLOGRAPHIST

The United States Civil Service Commission announces that the examinations listed below will be held in San Francisco at an early date. Mine Technologist (male), Bureau of Mines, Field Service, salary \$1800 to \$2400 per annum, assistant in Botanical Laboratory Work (male), Bureau of Plant Industry, Washington, D. C., salary \$1800 to \$2400 per annum.

allographist, Bureau of Standards, salary \$1800 per annum, guard qualified as marine gasoline engineer, United States Penitentiary, McNeil Island, Wash., salary \$840 per annum.

CAPTURE FISHING VESSEL, VICTORIA, B. C. July 25.—It is reported that the Canadian Fisheries Protection Cruiser Newington has captured another Seattle fishing vessel off the Vancouver Island coast and is bound here with the prize. Last week the Newington seized the gas launch Bonita of Seattle for fishing within the three-mile limit.

## ESSENKAY MEETS WITH FAVOR HERE

New Composition Designed to End Tire Troubles Has Ready Demand.

JEFFERSON MOFFITT IS  
MANAGER OF SALES CO.

Auto Sales Company Formed to Represent Alco. Paige and Velie Cars.

The Essenkay Sales Company organized in this city little more than a month ago to handle the territory about the new tire composition, relative to tire troubles, is already handling a volume of business beyond even their first rosiest expectations.

Essenkay has been in use in and around the city of Chicago for the last three years. Its distinctive relative to tire troubles, is already handling a volume of business beyond even their first rosiest expectations.

It is a whitening-like substance, moulded round the tire, it is detected on rubber tub tires, and it is very resilient. The tire is placed in a practical way on the road, and it is found that the tire mileage is secured. They further claim that it will in no way affect the riding qualities of the car, and it will retard the speed or bring about an increase in the gasoline consumption.

For each car that is equipped, a liberal guarantee is provided. The new tire composition, relative to tire troubles, is already handling a volume of business beyond even their first rosiest expectations.

JEFFERSON MOFFITT, one of the best known of Oakland's young business men, is general manager of the Essenkay Sales Company of this city.

RITTIGSTEIN ENTERS MOTOR GAME. The Auto Sales Company, formed to handle the Alco, Paige and Velie cars in this county, are now settled in well-arranged quarters in Broadway and Twenty-second street.

Frank A. Rittigstein, for years interested in the hardware business in this city, and William H. Thompson, formerly sales manager of the Standard Motor Car Company, are the two who comprise the firm. All three cars boast a number of owners in and around this city. The Alco and Velie are particular favorites hereabouts. A complete service department with expert mechanics has already been instituted and users of all three cars in this section will be well cared for from this time forward.

STUDEBAKER "30" PERFORMS WELL. W. L. Smith of Bishop, acting manager of the Bishop Valley Salt Company, whose deposits are located just west of Lost Valley, the northern end of Death Valley, one of the most inaccessible places in the United States, has the citizens of Inyo county much excited over the frequent journeys he makes to that point in his Studebaker "30". The deposits are a few miles from Bishop and the road crosses two mountain ranges and three canyons, one of the roughest pieces of country in the West. Smith has made five round trips this season and has yet to record the first trouble from his machine over this tortuous route.

CHALMERS PARTY OFF FOR MEXICO. George C. Farrell of the Preferred Accident Insurance Company of San Francisco, accompanied by a party of five, left here a few days ago in the Chalmers "30" car for a trip to the Mexican line. On their arrival at Ocean Park he added to the party a number of friends. The party experienced was one small puncture in the rear wheel, which was changed in splendid shape with but very few exceptions.

BABY WEIGHING OVER 14 POUNDS IS BORN. BAKERSFIELD, July 25.—Kern county has the largest baby in the country. It was born July 22 to Mrs. F. H. Peterson of 2012 Orange street, this city. The youngster, a boy, weighed 14 pounds and 5 ounces on his arrival in this world, according to Dr. G. C. Sabich, the attending physician. He says it is the biggest baby he ever saw in California.

Measurements taken by Sabich of the baby are: Height, 23 inches; around head, 15 inches, ear to ear, 8 inches, around neck, 9 1/4 inches; around chest, 15 1/2 inches, across shoulders, 7 1/2 inches; weight, 14 pounds 5 ounces.

Both mother and child are doing well and Peterson, who is a real estate man, is happy.

REPUBLICANS TO CONVENE. RENO, Nev., July 25.—A second state convention of the regular Republican party will be held in Reno, Monday, July 29, for the purpose of nominating potential electors. Electors were not nominated at the state convention in Fallon owing to the apparent ambiguity of the law which seemed to provide for their nomination at the state primaries on September 3.

KILLED IN SCAFFOLD COLLAPSE. PHILADELPHIA, July 25.—Two men are dead and two others fatally injured as the result of the collapse of a scaffold at Edgelyll near here. While working at the top of a huge water tank the turn buckle of the cable supporting the scaffold broke and they were hurled to the ground.

WHEELER-REID IS  
GIVEN FREEDOM

Accused San Franciscan Liberated on Bond of \$2000.

SAN FRANCISCO, July 25.—After spending nearly three weeks in prison Leslie Wheeler-Reid who is accused of grand larceny and obtaining money under false pretences and who was arrested while on his honeymoon, was liberated at an early hour this morning. After constant effort on the part of the young wife of the defendant and his friends here a bond was put up by the Guardian and Casualty Company and approved by Superior Judge Dunn at midnight. The amount furnished was \$1000 on each of the two charges.

The young man, a portion of whose hair has turned gray since his incarceration, was like a school boy in his happiness on effecting a release from jail. His case comes up next Monday in Judge Shortall's court.

Wheeler-Reid is being prosecuted by Mrs. Caroline Swears of the Foremost Jewelry Company, who charges that while he was one of the promoters of the Tattler he obtained \$10,000 worth of diamonds from her for which he did not account and an additional stone valued at \$1000, which he obtained but she says did not pay for.

TWO HURT WHEN AUTO HITS TRUCK IN DARK

SACRAMENTO, July 25.—Maurice I. Diggs, former acting State Architect, is under the care of a physician suffering from two loose ribs and a jarred wishbone. A woman whose name is kept secret is said to be treating numerous cuts and bruises, and a costly automobile is laid up in a local garage for repairs, as the result of an auto accident at Twenty-ninth and O streets last Friday night.

The automobile driven by Diggs crashed into a truck loaded with railroad ties that was left standing on Twenty-ninth street without the proper warning lights. The auto was traveling at a high speed at the time, and the impact is said to have thrown one of the women in the car through the glass wind shield.

In the automobile with Diggs were F. Drew Caminetti, a clerk employed by the State Board of Control and son of State Senator Caminetti, Ellis Burns, another man and three women. The names of the last four are not known.

## Famous Since 1867

Consistent uniformity of quality for 45 years has given this famous brew a well earned general popularity among men who know what good beer is.

FREDERICKSBURG  
BEER

Now Bottled by the Brewery

is Fredericksburg at its best—just as it's brewed—a fine palatable, nourishing beverage. Make a friend of Fredericksburg by ordering a case today. Sold only under one label FREDERICKSBURG.

**RAT BATTLES TO DEATH WITH CREW**  
Animal Causes Great Commotion on Steamer Until Killed.

The river steamer Isleton was lying alongside the California Transportation Company's wharf at the foot of Webster street, discharging a varied merchandise cargo, when suddenly from the forward deck there were yells, stamping of feet and a general heaving of the workmen for the after part of the vessel. Each man armed to the teeth with a broom or any other weapon which happened to be handy. A rat caused the disturbance. It fought with great ardor and the cries which arose from the battlement could be heard hundreds of feet away, causing quite a crowd of curious to gather. After several minutes of valiant fighting the rat, being sadly outnumbered, was finally caught under a beam and killed, leaving his victorious enemies in undisturbed charge of the battlefield. The body of the rat was fed to the fishes.

**CONSTABLE GUEST AT CALHOUN HOME**  
Official Entertained in Cleveland Mansion of Tractition Man.

CLEVELAND, July 25.—While Patrick Calhoun, street railway magnate, and his wife and son are on a California tour, Constable George Morris is being entertained in their mansion on Euclid heights. In this city, as the server of a legal process on the property. The John Grant Sons Company had secured a machine lien for \$750.00 against the owner.

CALHOUN HEARS OF IT.  
SAN FRANCISCO, July 25.—Patrick Calhoun, who arrived here last night, said he was not aware that a Cleveland constable had taken possession of his mansion in that city. "I have not the least idea what it is all about," he declared. "It probably relates to some transaction of one of the companies in which I am interested."

CALLING CARD CONFUSES DEAD WOMAN'S IDENTITY  
SACRAMENTO, July 25.—A woman's purse containing a card bearing the name of Mrs. S. D. Thrift, 68 Santa Marina street, near Courtland avenue and Mission street, was found in the Sacramento river this morning.

SAN FRANCISCO, July 25.—Mrs. S. D. Thrift, who is the wife of a prominent banker here today, said she had no acquaintances in Sacramento. "I had some cards bearing my address, 68 Santa Marina street," said Mrs. Thrift, "but gave them to only a few friends, and I think I can account for the whereabouts of all of them."

**"GETS-IT" Will Get Any Corn, Sure!**  
Almost Like Magic! wanted

You'll Get Everything Else for "GETS-IT." Any corn just loves to be cut and gouged, but it's mighty rough on you. Plasters and salves usually take away some of the toe with them, and leave the corn to flourish. The new corn cure "GETS-IT" is perfectly harmless to the healthy flesh, but it does go to the corn, bunion, callous or wart right off the nail. The corn shrivels away from the healthy flesh and drops off. You can apply "GETS-IT" in two seconds and it begins to work right off. Pretty soon you'll forget you ever had corns or bunions.

"GETS-IT" is sold at all druggists, at 25 cents a bottle, or sent on receipt of price by M. Lawrence & Co., Chicago. Sold in Oakland by The Owl Drug Co.

## The Argument of Revolution.

"Hence Roosevelt is morally the nominee of the Republican party of the United States, and to use the Republican machinery of California or any other State to secure his election as President is not only legally, but morally, right."

So says the San Bernardino Index. It is the same argument that is employed to justify the frequent insurrections in Mexico. Ambitious leaders set up the claim that the elections were unfairly held and that the titles of the Presidents returned as elected are fraudulent. Then they assert they would have been elected had the elections been fairly held, and resort to arms to drive out the usurper and take the Presidential office themselves. This is the logic of the Roosevelt movement.

Had the supporters of Samuel J. Tilden in 1876 set up the same claim on the same grounds that Roosevelt claims to be the choice of the American people, the country would have been involved in civil war. Tilden had a popular majority of 250,000. Hayes was elected because the Republican State returning boards in Louisiana, South Carolina and Florida threw out enough Democratic votes to elect the Republican electors. On the face of the returns the Tilden electors were elected by decisive majorities, but the State returning boards reversed the majority shown on the face of the returns on the ground that the Democratic majorities were gained by fraud and intimidation.

The courts had no constitutional power to interfere in the matter, and to settle the matter Congress created the electoral commission composed of five members from the House, five from the Senate and five from the Supreme Court.

The electoral commission decided by a strictly partisan vote that it had no power to go behind the returns. Hayes was therefore declared elected by a vote in the Electoral College of 185 to 184.

Thousands of good Republicans believed that Tilden was honestly elected and was rightfully entitled to the office of President, but the decision of the Electoral Commission was acquiesced in and Hayes became President, because the only recourse was a resort to arms which would involve the nation in an internecine war that would probably have wrecked the Republic and inflicted immeasurable injury to popular government.

Had Tilden been a man of Roosevelt's mould civil war would have resulted. He would have stigmatized the members of the Electoral Commission who voted against going behind the returns thieves and robbers, and called upon his followers to reverse their verdict by force of arms.

Tilden's claim to the Presidency in 1876 was infinitely better than Roosevelt's claim to the Republican nomination in 1912. But fortunately for the country and for the cause of free government he did not try to destroy the political edifice in attempting to enforce his claim.

Let us carry the parallel a little further. Suppose the election for President should be thrown into the House, which should elect some other man President, although a plurality of the popular vote should be cast for Roosevelt, would Roosevelt attempt to overturn the verdict against him by armed revolution? His present attitude indicates that he would. The arguments he employs would justify such an attempt.

Mr. Hearst seems to be giving Woodrow Wilson the same sort of support that Joab gave Absalom. It is given with the point of a sword right under the fifth rib.

If Roosevelt wants to run for President he has a perfect right to do so. If he wants to form a new party nobody can dispute his right to do so. But he cannot run as the candidate of the Republican party nor has he the right to use the name and machinery of the Republican party to further his candidacy. When he poses as the candidate of the Republican party he is practicing a fraud and attempting to secure a dishonest advantage.

## Booker Washington for Vice-President.

An ideal candidate for Vice-President on the ticket with Roosevelt would be Booker Washington. He is a man of scholarly attainments, high character and national fame.

He is from the South and a splendid representative of the colored race which comprises about 10,000,000 of the population of the United States.

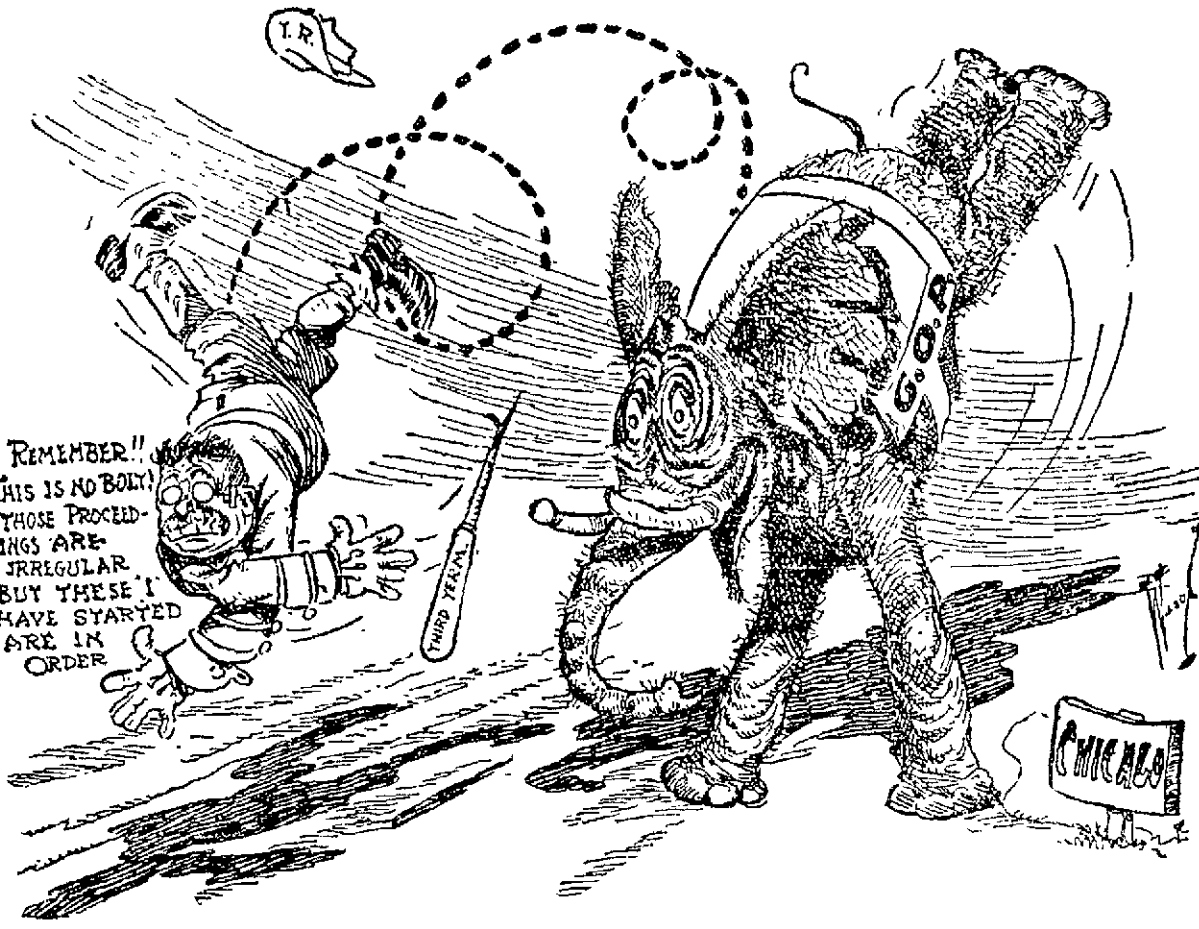

Roosevelt can have no objection to Booker Washington for he once dined with him in the White House and appointed judges and other high officials on his recommendation. At Chicago Booker Washington urged the colored delegates to forsake Taft and vote for Roosevelt.

His nomination would round out the ticket perfectly. It would bring into harmony both sections and both races, and give the colored brother the political recognition to which he is justly entitled and which has so long been denied him.

The fight for good government is not to be won by words and wishes. Every citizen should make it a point to get out and vote against the recall, and to urge his neighbor to do the same thing.

It is not worth while to consider the men who are trying to ride in office on the attempt of the I. W. W. to overawe and overturn the municipal government. They are unworthy of consideration, and besides, they are not the issue. They are simply trying to profit by the attempt to wreck orderly and progressive government. Their willingness to profit by such means, not to say the aid they are giving the I. W. W., puts them outside the pale of consideration.

## ROUGH RIDING

—KANSAS CITY POST.

## Taft and the Protective Tariff.

William Howard Taft is the only Presidential candidate who stands squarely for the policy of protecting American industry and capital from destructive foreign competition. He is the nominee of the only party in the nation that stands squarely for that policy. He has recently interposed his veto to prevent the wool and beet sugar industries of California from being stricken down.

Bills to put wool and sugar on the free list were passed by the Democrats, with the aid of Roosevelt's supporters in Congress, but the President killed them with the veto.

What do Californians propose to do for the man who is standing in defense of their industries? In Congress the third-term partyites have combined with the Democrats in a crusade against the protective tariff. Taft has thus far thwarted their attempts to destroy the protective system. Therefore every man who votes for either Wilson or Roosevelt will be voting to deprive American industries of the protection they now enjoy.

If all other products are deprived of protection how can the raisin and citrus fruit producers expect to be protected? In a general downward revision of the tariff, the duties on raisins and lemons will go down with the rest. The lemon and raisin growers will delude themselves with an empty hope if they can escape the ax when it is laid at the root of all other industries.

In Illinois nobody will be allowed to vote in the Bull Moose primaries who is not a true blue Roosevelter, brand blown in the bottle. That is as it should be. Roosevelt is the sole reason for the existence of the Bull Moose party. It was predicated on his desire for a third term. Why should any man who is not in favor of giving the Colonel a third term be permitted to participate in primaries and conventions called by Roosevelt's adherents under his direction for the sole purpose of furthering Roosevelt's candidacy? Why should opposition be tolerated in a Roosevelt primary called by Roosevelt's friends exclusively to help along the movement to make Roosevelt President for the third term? It is not a primary to choose between candidates, but to endorse a single candidate—a primary called to promote a single object. Why should any outsider be permitted to butt in and disturb the harmony of the proceedings? A man who is not in favor of making Roosevelt President is as much out of place in the Bull Moose primary as would be a Christian worshipping in the temple of Baal.

## WASHING PAPER MONEY

The life of a \$1 bill is about 14 months; at the end of that time the bill which has left the treasury in crisp, well-starched condition returns so filthy and worn that it must be put through a mangle and completely destroyed.

It has cost the government one and one-third cents to make that bill, and to this must be added two mills to pay the cost of destroying the bill. So complete is this destruction that the resulting pulp has no further use except for the making of souvenirs, which are sold for trifling sums to visitors to the treasury department. Most of the bills in circulation are \$1 bills, and naturally they receive far harder wear than bills of higher denominations.

Five-dollar bills, which take next rank in point of number in service, cost no more for manufacture or destruction. Nearly 40 per cent of the bills issued in the year 1911 were of \$1, \$2 and \$5 denominations. They amounted to 246,172,000 pieces. In the same fiscal year 232,560,071 pieces of paper currency were returned for redemption, in other words, for destruction.

The cost to the government of manufacturing and issuing these notes was more than \$3,000,000, and the cost of destroying them about \$400,000.

A little over a year ago Joseph E. Ralph, director of the bureau of engraving and printing, suggested to the secretary of the treasury that a machine be constructed to launder the old currency and put it in shape for re-circulation. After a year of experimenting, such a machine, or rather set of machines, was built, with a capacity of 20,000 pieces of paper currency per day.

These machines wash the bills just as they are, and from them, so that they issue from the laundry looking as good as new. One set is in operation in Washington, and it is proposed to install others in the various sub-treasuries of New York, Boston, Philadelphia, Baltimore, Chicago, Cincinnati, St. Louis, New Orleans and San Francisco. It is also considered probable that the national banks will have to adopt the washer and soon all the principal financial institutions of the country will add a laundry branch to their establishments.

For the present the government will not undertake to wash any bills of the higher denominations, which contain yellow ink, for the reason that the potash in the suds in which the bills are washed causes yellow ink to run. However, it is confidently expected that eventually this difficulty will be overcome.

To be properly laundered a bill must go through three separate machines. The first step consists of inserting the bill into the washer, which is made up of a series of rollers with double blankets between them. Each bill is fed in between these blankets, which hold them flat in the water, and they go back and forth nine times through the suds, which contain a bleach.

The washing tank is divided into two parts, one of which holds hot suds and the other clear rinse water. The same blankets go up over a partition into the rinse water, carrying the bills with them. After going back and forth through the rinse water eight times they are blown off the blanket by an air blast which comes through perforated cylinders.

Through this washing process, a bill is cleaned and made up again. In order to find lost bills, the washer is raised above the tank and then the suds and rinse water are searched for the bills that have become detached from the blankets and which otherwise would go out with the waste water.

All the stiffness is taken out of the bill by the laundering process, it is necessary to starch them with a solution of glue and alum. This process is known as sizing the bills. From the sizing machine the bills go into the ironer, which is an ordinary collar and cuff ironer, such as used in many laundries.

The bills are then dried in a large cylinder, which dries them, and then over a large cylinder heated to about the same degree as an ordinary flatiron, which irons them. The pressing is done by means of padded rolls. In ten minutes' time, and at a cost of but one-tenth of one cent, the dirty bill comes out of the laundry fresh, clean and crisp.

Director Ralph estimates that denationalizations of \$1, \$2 and \$5 will be laundered at a saving to the government of \$300,000 a year. —Scientific American.

## Twenty Years Ago Today

Vinford and Leach have assumed management of the Oakland Theater. The building will be renovated at an expense of \$10,000. The first performance under the new management will be The Mikado. Alice Nelsen is the prima donna.

The executors of the estate of the late William Hayward have reported to Judge Ellisworth that they sold about eight acres of land in the town of Hayward, including the Hayward hotel and adjoining cottages, and an acre plot outside, out of town, containing springs, for the total sum of \$15,000. The sale was approved.

San Leandro ranchers are well satisfied with the fruit prospects. Apricots are bringing from 2 to 3 cents per pound. Peaches from 1 1/2 to 2 cents per pound. Pears sell for 1 1/2 cents per pound, while the fortunate farmers who have plums are getting from 2 to 4 cents per pound.

The Republican State Convention will be held at Sacramento tomorrow for the purpose of nominating Harrison-Reld presidential electors. Alameda has a controlling voice in the convention, having a majority of the votes, and this county furnishes the only congressional candidates who are thus far openly in the field. The contest seems to lie between Judge Hillborn and Senator Whitney, with Judge Waymire of Alameda and ex-Mayor W. R. Davis of Oakland, as dark horses.

W. R. Daly, representing Oliver Morosco, was in Oakland today looking for a site for a new theater.

County Treasurer Socrates Huff predicts a prosperous season for the fruit growers and packers.

The St. John's Episcopal church is in a very prosperous condition just now and the new pastor, Rev. A. G. L. Trew, is giving perfect satisfaction.

## IN OTHER CITIES

Cleveland is agitating to secure a polytechnic school. New Orleans fly catchers find state beer the best bait.

Utah is preparing to build a capitol building to cost \$2,500,000. Potatoes cost 2 1/2 cents a pound in Los Angeles. Cheap, they say.

Pittsburg employment agencies are calling for 1000 common laborers.

Dallas, Texas, doctors have started a crusade against criminal practitioners. Judge Hugo Pam of Chicago advocates municipally controlled theaters.

Pittsburg is to have a new vaudeville theater, to cost \$165,000, in Liberty avenue.

George Clinton Paine of Newark, N. J., though 100 years old, is an active book agent.

Georgia has a movement for securing an inheritance tax law from the next legislature.

Churches in Pleasantville, N. Y., have begun a crusade against Sunday moving picture shows.

Dallas, Texas, now has 400 miles of interurban railroads, representing an investment of \$17,000,000.

Assessors in Chicago have increased personal tax values to \$225,087,768, a jump of \$84,000,000 over 1911.

## SCHOOLS and COLLEGES

### Boone's University SCHOOL for BOYS

Will begin its thirty-second (32) year August 12th. Accredited to University of California, Stanford, and to five Eastern Universities. Apply for Catalogue to F. E. BOONE, Berkeley, Cal.

### MANZANITA HALL

Palo Alto, California. Values a society of preparing boys and young men adjacent to Stanford University and to Palo Alto, a town of remarkable culture, makes possible a school life of unusual advantages and privileges. Twentieth year opens Aug. 27, 1912. For catalogue and specific information, address W. A. BREED, Head Master.

### THE HORTON SCHOOL

Perkins and Palm Sts. (Adams Tract). Twentieth year will begin August 12, 1912. Primary, grammar and high school grades, accredited at University of California and other colleges, physical training, modern languages, both girls and boys. Dept. of Music opened this year. For circular address Miss Sarah W. Horton, 964 15th street, Oakland, Cal.

## Oakland Is Enduring Its First Experience of 'Progressive Reform'

There is another bond of sympathy between San Diego and the city of Oakland. Oakland is now confronted by a combination effort by the I. W. W.'s and the Socialist radicals to disturb the peace of the community, and to overturn the municipal administration. It is proposed to "recall" the mayor and two of the commissioners. There is not the slightest possibility that the scheme will succeed, nor is it likely that those who are promoting it expect to achieve their desire; but in one phase of their intention this pestiferous minority will be eminently successful—they will incite turmoil and dissension and universal annoyance among the citizens; and they will inflict unnecessary and burdensome expense upon the taxpayers.

It was the object (and the only object) of the same disturbing element in San Diego. Urging the specious plea that they had been deprived of their "right of free speech," they kept this town in a ferment for months, until the citizens, goaded beyond all patience, took the law into their own hands and cleansed the social and political sewer of its clogged refuse.

It will cost Oakland at least \$20,000 to defeat this anarchistic "recall"; and while the decent majority are paying this dear-

ly for this experience with a "progressive reform" there will be hulla-balloo and profitless tumult. Oakland is itself largely to blame for this assault on the best administration it has ever had. Oakland for a long time pattered and temporized with the demagogues and agitators; San Diego did. These disturbers were permitted to "exercise their constitutional prerogatives" until by lax administration of the letter and absolute neglect of the spirit of the law, the radicals had gained a firm foothold and were able to dictate a "petition" under the fool amendments of a constitution debauched by Populist notions and nostrums. San Diego escaped this affliction by the narrow margin, and was forced to use defensive measures that may have been more than "drastic," but which were wholly effective.

Oakland will pay for its whistle, and if the music is distasteful it can throw away the whistle. This experience with one of the "progressive" fads which insist that "the people shall rule," will probably line Oakland up with San Diego and other cities of this state when the time comes to restore the commonwealth to a representative form of government by repealing the constitutional "reforms" imposed upon us by the Populists.—San Diego Tribune.

## WITTY BITS

Another advance in beef. It's tough! Irrespective of Stockholm, the United States will always hold the highest price record. There's Peary.

New Jersey enthusiasts claim the coming seventeen-year locusts have a "W" on their wings.

The old Constellation stands a mighty slim chance of being preserved in these progressive days, when a battleship goes to the junk pile every week or so.

It isn't difficult to get beef rare at present. At the existing prices, it's the only way to get it.—Philadelphia North-American.

## AT HER FEET

It was a beautiful act-o-ress Who wrote to a distant friend, With only a minute, as you might guess, In writing a note to spend.

She took the city directory As a perch for her little shoes, And wrote in her scrambled chirography, Her budget of breathless news.

"I'm making a hit," she told her friend, "A hit that cannot be beat. The run of this show will never end—The whole town is in my feet."

—Wilbur D. Nesbit in Judge's Library.

## Country Trades

### Oranges, Lemons, Olives—38 Acres in Butte County

Highly improved income property. 2000 Washington Naval Oranges, 400 Lemon—all bearing. 400 Olive trees. Unrestricted water right. Family orchard—21 varieties of fruit. Beautiful 8-room house; modern, fully furnished. Ranch complete in every detail. Very large income on price, \$40,000. Will consider exchange. Special inducement for cash or part cash. Owner here.

### Santa Rosa

Five acres, one mile from center of town, with well-built modern home; fruit trees, 300 chickens; all implements necessary to start right in living and enjoy the fruits of an income-producing ranch; \$3500. Will trade for Oakland property of equal or smaller value.

### Lafayette

I have 5 to 25 acres at \$300 per acre, near Lafayette, on main road, that I can trade for Oakland property. This property lies close to Oakland and Antioch railroad, and is surrounded by properties held at much higher figures.

### Walnut Creek

Twenty acres finest kind of soil, 1 mile from Walnut Creek, near Oakland and Antioch Railway. Can be subdivided into 5-acre tracts at good profit. Our price \$400 per acre. Will exchange.

### Walnut Creek

Five acres improved, 1 1/2 miles from Walnut Creek, 400 feet from electric line. 3-room new house, chicken houses, good well, horse, cow, 200 chickens, farm implements. All goes for \$3500. Will trade for Oakland property.

Let your next corset be an R. & G.—and let our experts fit it to you.

Prices from—

**\$1 to \$5**

### 'INSECT'S HOMER'

#### DYING OF HUNGER

France Allows Famous Henri Fabre to Suffer at 88 Years.

NEW YORK, July 25.—According to dispatches published here today, Henri Fabre, a noted French poet and scientist whom Victor Hugo described as "the insect's Homer," is dying of hunger in France, neglected and well-nigh forgotten by his beloved France. Fabre is 88 years old. He has been nearly sightless for some time, it is said.

Darwin called Fabre "one of the greatest of the world's chosen men." The Frenchman devoted his life to the study of insects and their habits, but he was not a scientist alone, for he had the soul of a poet. He spent weeks, months, even years, in minute observing the habits of insects. The results of these observations he

combined not in mere text books, but in prose of majestic simplicity, which reads like a poem of nature.

It has been observed that "it was Fabre who rendered possible such works as Maeterlinck's 'Life of the Bee' and Huxford's 'Chanticleer'." Where others dissected he observed and learned the secrets of the insects.

Mrs. Massey narrowly escaped striking a fire escape, balconies, awning apparatus on each floor, and landed in an areaway in a sitting posture. Her right leg was crushed.

The Neal Graham and Dr. Charles Wheatley, who attended Mrs. Massey, believe she will live.

### PROHIBITION PARTY

#### LOSER BY RULING

Attorney - General Webb Decides Against the State Organization.

SACRAMENTO, July 25.—A supplementary opinion from Attorney General Webb received at the secretary of state's office yesterday denies the right of the Prohibition party to have candidates from all the assembly and senatorial districts included in the Eleventh congressional district, where the party polled a 3 per cent vote at the 1910 election.

The opinion was solicited by the state secretary following the receipt of a letter from A. A. Phelps, county chairman of the Prohibition party in San Diego county, in which he stated that, because the party had polled the needed 3 per cent vote in the entire Eleventh congressional district, they

would have candidates for all the assembly and senatorial districts included.

Webb's opinion states that the party can have candidates only in those smaller districts where the 3 per cent vote was polled. The party will have a candidate for Congress from the Eleventh district.

### APPOINTMENTS MADE BY BIG FAIR COMPANY

SAN FRANCISCO, July 25.—Five important appointments for departmental work on the Panama-Pacific Exposition were made yesterday by President C. C. Moore of the exposition company. The appointments are the men and the positions: Jules Guerin, director of color, A. S. Calder, chief of sculpture, Carl Ritter, adviser of sculpture, E. E. Carpenter, civil engineer, A. H. Markwart, chief of construction.

Guerrin's widely known mural decorations in the new Pennsylvania depot in New York and his paintings are on exhibition in American and European academies. Ritter was director of sculpture at the Pan-American Exposition at Buffalo, and also at the St. Louis Exposition.

### THREE SUICIDES

#### RECORD OF DAY

Gas Route Is Chosen by Two Men Who End Lives in This City.

Three suicides were recorded in Oakland yesterday. John Hoffelt, manager of the Panama-Pacific Mercantile Collection Agency, 1214 East Twenty-third street, ended his life last night by gas asphyxiation in his room in the Holland hotel on Twenty-second street near Grove.

Dependent over ill health and business troubles, following the destruction of his stock of furniture in a fire some weeks ago, Julius Cole-

man one of the oldest residents in the city, shot himself at his home, 1019 Albert street, late yesterday afternoon, as told in the TRIBUNE baseball extra. The body was discovered by his son, Irving Coleman, and was removed to the morgue. Coleman's wife and daughter are in Santa Cruz, where they have been spending the summer. They have been notified of the tragedy and will remain here for the funeral. Arrangements have not been completed for the obsequies.

George W. Smith committed suicide by inhaling gas early yesterday in his room on Tenth street. He was a laborer and lived at a modest mother-in-law's house.

### FALLS INTO EXCAVATION.

SAN FRANCISCO, July 25.—A. H. Free of 1231 Geary street fell into the excavation being dug for the Geary street railroad at 2 30 this morning and received a broken leg. Police man Collier took him to the Central Emergency hospital.

A. M. Nelson is being treated for a severe case of rheumatism. He was badly crippled with sciatic rheumatism due to a fall in 1911 in his home. Dr. F. K. Nelson, who treated him, and also removed numerous black spots that were continually before his eyes. Foley Kidney Pills are a sure and effective for the various forms of rheumatism. Wishart's Drug Store.

### BODY WASHED UP

#### BY WAVES OF BAY

Mark on Coat and Briar Pipe the Only Clues for Police.

SAN FRANCISCO, July 25.—An almost illegible marking on a coat of blue serge and a briar pipe are the only possible means of identification of the body of a man found at 7 o'clock this morning off Howard street wharf which floated to the surface although weighted with several heavy coupling pins.

The dead man was heavily built, weighing 200 to 250 pounds, and standing 5 feet 6 inches tall. His hair was brown. His features are absolutely unrecognizable. Gus Dowd of 228 Post street found the body and called Deputy Coroner Becker. Arrived it was seen that the coupling pins had been tied about the neck of the man and his hat attached to the lapel of his coat with a string.

## HEART-TRIBUNE'S PAGE FOR WOMEN--HOME

**M**ISS BYRON H. LAUD presided over a delightfully planned affair yesterday when she entertained friends still in town at a bridge afternoon. Mrs. Paul, who is a recent bride, was much entertained last winter. She was formerly Irene Orr. The house was decked in shades of pink and a dainty tea followed the card game. Among those bidden to share Mrs. Paul's hospitality were Miss Carol Pardee, Miss Madeline Pardee, Mrs. Frank McNutt, Miss Loretta Penner, Mrs. Florence Mills, Miss Irene Fitzgerald, Miss Rita Porter, Miss Ruth Porter, Miss Clely Alderman, Miss Mildred Porter, Miss Mary Keyes and Miss Margaret Hough.

## AUGUST WEDDINGS.

Miss Kathryn Sidney Marsh, daughter of Mrs. Lillian Marsh, has set her wedding with Harry Morrill for August 1. Rev. Wilfred Hodgkin, rector of All Souls' Chapel in Berkeley, will be the officiating clergyman. There will be no attendance. The Marsh family formerly lived in Berkeley, but now make their home in San Francisco. They have a host of warm friends here.

Another August wedding is that of Miss Helen Young and Milton T. Farmer, which will take place on August 21 and will be a church ceremony. Both have many friends in university circles.

Miss Young has chosen her bridal attendants. They will be Miss Elsie Martin, Miss Mabel Sadler, Miss Lucy Phillips, Miss Lella McKibbin, Miss Edith Carey, Miss Margaret Witter and Miss Alice Porterfield.

Miss Young and her mother, Mrs. E. Seymour Young, have gone to the Santa Cruz mountains for a fortnight.

## SUMMER PLANS.

Mrs. R. G. Brown and Mrs. Lillian Brown Everts and Miss Florence Brown will reopen their Lakeside home next month. They are at Shasta Springs.

Mrs. Clement Rust and Miss Stella Rust have gone to Ben Lomond to be guests of Mr. and Mrs. Edward Trefethen at her summer home.

Mrs. Hugh Fletcher and daughter, Miss Ethel Fletcher, have just returned from a summer vacation in the Sierra Nevada mountains.

Miss Leontine Rickard left yesterday for San Jose, where she will visit Mrs. C. C. Schneider, formerly Dora Havens.

Miss Patty Chickering leaves on August 1 for Los Angeles and later will go to New York. She has been visiting relatives here.

## TO GO ABROAD.

Mrs. W. W. Henry is to go abroad this fall and will visit daughter, Mrs. Charles Stoppard, in Paris.

AT BURNHAM COUNTRY HOME. Mr. and Mrs. J. R. Burnham have been entertaining their daughter, Mrs. Charles D. Bates, Jr., and her family. The Burnhams are at their new summer place in Sonoma county.

BURNHAM-BAILEY WEDDINGS. The Burnham-Bailey wedding in Alameda last night was a brilliant function attended by many Alameda and Oakland folk. Beautiful gowns and jewels were worn by the guests and the bride party. Pink and green was the general color note.

Miss Marjorie Crocker sang while the wedding service was being read by Rev. W. L. Nash.

The guests adjourned to the new home of the bride and groom after the ceremony. There, at flower decked tables, a supper was served. The bride's family is an old one and Bailey also is well known socially and in business circles.

Late in the evening Mr. and Mrs. Bailey departed on their honeymoon. Bailey is of the seventh generation in descent from Jonathan Edwards and wife. Edwards was the second president of Princeton University and one of the most eminent divines of the eighteenth century.

TO BE HOUSE GUEST. Miss Ethel Moore will have as her house guest at the family home in Fairmount avenue, Miss Mildred Hayes, who will visit her early in August.

The engagement of Almon E. Roth and Miss Helen was a brilliant function. Mrs. Edwin Mortimer Miller of Kansas City, Mo., aunt of Don Bailey is visiting Mrs. C. E. Bailey at 149 Hight street, Alameda.

WEEK-END PARTY. A week-end party was given recently by Miss Hannah Klingelhofner to celebrate her birthday at the country house.

A Skin of Beauty is a Joy Forever. Dr. T. Felix Gouard's Oriental Cream or Magical Skin Beautifier.

## WOMEN IN THE NEWS

## SOCIETY GIRL RIDES 102 MILES IN 14 HOURS

Miss Marion Crocker Puts Army Officers to Shame in Day's Work.

**S**AN FRANCISCO, July 25.—Helping the test complained of by many army officers, who are required to ride twenty miles in three days, Miss Marion Crocker, who was one of last season's most admired beauties, has established a new record for women by riding 102 miles in fourteen hours.

Miss Crocker started out on her ride shortly after sunrise yesterday, leaving Los Angeles, in the foothills about a mile from Asil, on her father's thoroughbred, Mercedes.

She rode the round trip between Cloverdale and Healdsburg, returning to the ranch for breakfast.

Mounting her own thoroughbred, Lassie, at 9 o'clock, Miss Crocker then started out to ride the round trip to Skaggs Springs by way of Cloverdale, returning at 12:45 p. m., after having made fifty-six miles.

A horse was taken, and at 2:30 p. m. Miss Crocker mounted Mercedes, a fast thoroughbred, that ran second at San Diego for the John D. Spreckels cup last year.

Riding over the Lakeport road the young woman proceeded as fast as the Piedra Grade. She returned to the ranch at 6:30 p. m. and appeared so free of fatigue that no one tried to dissuade her when she announced that she proposed to go beyond the century mark after another brief rest.

**STARTS AT 8:15.** Starting again at 8:15, Miss Crocker made for Alder Glen Springs—a ride of sixteen miles.

She chose for her mount the Indian pony, a sure-footed, speedy animal that is not afraid of night travel.

The final lap of the ride was, according to Miss Crocker, the most exhilarating of the 102 miles that were covered.

Blanco made the dust fly throughout the journey and never had a tumble. He rode back to the ranch with his elated mistress by the light of a brilliant moon.

The hands of the clock in the casa on the ranch pointed to 10:45 when Miss Crocker reined up.

"I did not feel any great fatigue from the ride and am unable to understand why any army officer used to the saddle should regard a 90-mile jaunt as a hardship," said Miss Crocker.

"I feel certain that I could duplicate the 102 miles any time without training. I was familiar with all the mounts I used and was able to make good time without any trouble. A whip never touched any of the horses and I seemed to be as interested in the trip as I was."

**Duped by Bigamist.** PORTLAND, July 25.—Mrs. Harriet Fields of Redding, Cal., has caused the arrest of her husband, an actor and a young woman whom he married at Gold Hill, a few days ago, on a charge of bigamy, but released yesterday after the extent of withdrawing her charge against Mrs. Fields No. 2, who was thereupon released.

Fields has been traveling with a medicine company which gave shows in Southern Oregon towns, and while at Gold Hill met the girl who is now Mrs. Fields No. 2. She was a minister's daughter and her father wedded the pair, after a brief but torrential courtship. Then the couple came here, according to the girl.

The first Mrs. Fields meanwhile had left Redding to join her husband, and after learning upon her arrival that he had married again, caused the couple's arrest.

Mrs. Fields No. 1 says she will not prosecute her successor, whom she believes to have been duped by her husband.

**Fair Capitalist Sues.** SAN JOSE, July 25.—Suits was commenced in the Superior Court yesterday by the San Jose Mercantile and Collection Agency against Virginia Knox Maddox, for \$350, plus interest and costs amounting in all to \$400. The plaintiffs allege that defendant, with T. S. Montgomery and son and the Garden City Brewery, had taken away in lease and violated its peaceful possession of an office at 24 North First street.

Virginia Knox Maddox, according to the complaint, rented the rear of the collection agency's office to the Garden City Brewery, which she is the real owner of. The collection agency demands the amount paid in rent, damages of \$100 and punitive damages amounting to \$250. George F. Plyler, collector, who has big damage suits against two local newspapers pending, is the real complainant. Montgomery and son are drawn into the suit on account of having acted as agents for the property in question, and the brewery is included because it is the owner of the saloon, which enlarged by extending into the space which Plyler alleges he holds under lease from Virginia Maddox.

**Stork Is Near.** NEW YORK, July 25.—Mrs. Helen Force Astor, widow of Colonel John Jacob Astor, has returned to her home on Fifth avenue, where she is being cared for by her mother, Mrs. William H. Force, for a visit. Mrs. Force is expected to remain here until the next fortnight.

**Actress Drops Suit.** LONDON, July 25.—The suit of Fanny W. for money lost in taxi fares was settled privately yesterday. The amount of damages pending is the real complaint. Montgomery and son are drawn into the suit on account of having acted as agents for the property in question, and the brewery is included because it is the owner of the saloon, which enlarged by extending into the space which Plyler alleges he holds under lease from Virginia Maddox.

**Hot Weather Helps For Skin and Hair.** The hot winds and scorching sun of summer will not mar the clear, velvety complexion and delicate skin if a plain epurmax lotion for a trifling sum by stirring two teaspoonfuls glycerine in a pint of water with a few drops of lemon juice.

This epurmax lotion is invisible when on, does not smudge, streak or rub off and still banish tan, freckles, lines, age-marks and blotches, as well as dispel the oily, shiny condition.

Hair shampooed frequently with a cup of hot water will quickly remove its former rich color and gloss and leave it soft and silky. Nothing can equal epurmax to promote a clean, healthy condition of hair and scalp, and its use keeps the hair beautifully soft and lustrous during the most trying days of summer.

**PERSONAL MENTION.** MR. AND MRS. R. H. ALLEN attended the bride's installation ceremonies in Georgetown recently.

MISS DAVID SCHULTZ, a trained nurse of this city, is spending a month's vacation at the guest of her cousin, Mrs. D. Schultz, at Placerville.

MR. AND MRS. GEORGE A. SHAW arrived in Georgetown last week to spend a vacation. Among the guests were Mrs. Ralph Kirkham Blair, Mrs. Edwin Thomas, Mrs. Master Mild Paul and Miss Virginia Ayer.

MISS MILD PAUL and Miss Virginia Ayer are visiting their grandparents, Rev. and Mrs. Paul at Placerville.

MRS. C. DUTTON spent several days at the guest of Mrs. M. Kendall in Martinez recently.

MRS. FRANCES MATTHEWSON and Miss Mattheu are at the home of M. H. Manner at Angels Camp.

MRS. R. A. BRYLEY and Miss Emma Bryley are guests of Mr. and Mrs. W. H. Bonham in Stockton.

MISS S. W. KNOX is spending a fortnight with Mrs. N. B. Smith at Fair Oaks.

MR. AND MRS. W. A. ORRISON were among the arrivals in Santa Cruz last week.

JOHN KING returned recently from Columbia, where he has been visiting relatives.

MISS MARJORIE MILLER was the guest of honor at a social gathering given recently by Miss Hazel Layton of Eureka a few days ago.

GEORGE O. DAVIS stopped over in Fresno last week en route to Ripon.

MRS. WILLIAM PARCER arrived in Great Valley recently.

MRS. VAN S. BRITTON is visiting her parents, Mr. and Mrs. J. O. Warner in Santa Cruz.

J. W. WEEDMAN, the head gardener of George Washington, the Nevada millionaire, who is building a summer home near Park Lane country, is in Oakland and registered at the Hotel Carlton. Weedman is making thousands of acres here the most beautiful country home in the state.

W. R. GROOM, the John Gorman official of the Western Pacific, are registered at the Carlton.

MRS. WELLES FAMILY, president of the Oakland German Ladies' Social Society, has just returned from an extended trip through the state country, where she visited some of the most noted in that section.

## Club Life Beautifying

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian Russell.)

AM sure we can take the word of a clubwoman who founded a club for women 40 years ago for the fact of the assertion that club life for women is conducive to prolonged youth.

Mrs. Charlotte Wilbur founded the Sorosis in New York. My mother, Cynthia Leonard, founded the Sorosis in Chicago. Both women have been so active in club life for women that age never entered their thoughts for want of time.

To quote Mrs. Wilbur: "If women would stop worrying about getting old and spend their time helping others to make life happier they would find life much more interesting."

The "helping others" does not mean playing cards and gossiping. "Helping others" means club life that interests itself in the literature, music and drama of today and in the charities which immediately affect women and children. Club life in America today stands for the dignity and culture of women; it compels competition in both intellect and beauty.

I know of no club for women that tolerates any sort of scandal in the club. And I know of many cases where women have been debarred from clubs for gossip that would be considered only small talk in a man's club.

Today it is an honor to belong to a woman's club, whether it be the Daughters of the Revolution or just a hospital sewing club. It is the social contact that stimulates women to their best in manners and appearance. It teaches equality of thought, action and condition.

There are so many women who have little or nothing to do when home duties are finished that they naturally drift to card playing, novel reading or gossiping, whereas, if they were members of some club where intellectual conversation was the custom, where they had the example before them of higher intellect and sympathy, they would grow broader and more beautiful instead of dwarfed and narrow.

I have watched women broaden out, become beautiful and helpful to humanity, from contact with fine women who never descended to gossip or scandal for conversation.

There is never any harm from association with clever, intelligent women; in fact, it is an honorable privilege to our sex to be permitted association with them, and nothing but good can be the outcome. So if you are not a member of some club, either literary or social, join one as soon as you can.

Don't worry about getting old; keep in action; compete in some way; be among the living.

Remember: One year of idleness is 10 years lost.

*Lillian Russell*

## Answers to Queries

**FLORENCE.**—Buttermilk is excellent for the complexion. I do not think it will cause a growth of hair. I have never heard of it doing so. It is a good, mild bleach. The juice of half a lemon added to half a glass of buttermilk and applied to the face once or twice a day will remove freckles that are not too deeply burned in. Allow it to dry on the face, and when it is thoroughly dry, apply plenty of good cold cream, allowing it to stay on a few minutes and then taking it off with a cloth and washing the face in warm water. Give this treatment a fair trial and then if the freckles are stubborn and refuse to submit send me a stamped, addressed envelope and I shall send you a stronger bleach for freckles.

**L. B.**—If you have a naturally oily complexion be careful of your diet. Do not eat rich, greasy foods or greasy dressings. Eat plenty of fresh vegetables, salads, and fruits.

**G. R. L.**—When your skin sunburns you should do all you possibly can to protect it. Before going out into the sun cover your face and arms with a good cold cream, rubbing it well into the skin, then cover with a good talcum powder. Always wear a hat, or carry a parasol to shade your face. I shall be glad to send you the formula for oily hair and the cream soap, with the cold cream for blackheads.

# GREAT AMUSEMENT PAVILION TO BE BUILT

## LARGEST STRUCTURE OF ITS KIND IS PLANNED BY OAKLAND CORPORATION

### BELL COMPANY STOCK TO BE \$500,000

State and Eastern Capital Interested With Cohn Bros. in Enterprise.

Vaudeville Theater Closes on Saturday to Make Way for Office Building.

With an announcement of the permanent closing of the Bell theater on next Saturday night and the remodeling of that structure into an office building comes news of the formation of one of the largest amusement corporations in the United States. Retaining the present title of the Bell Amusement Company but with a proposed increase in capital stock from \$50,000 to \$500,000 the corporation will devote its energies to building and operating an amusement pavilion in Oakland to cost hundreds of thousands of dollars.

Abe S. Cohn is president of the new company and Julius Cohn secretary-treasurer. With them are interested capitalists of this city, Los Angeles and New York, the names of whom were not given out today. According to Abe S. Cohn, more than \$150,000 of the proposed \$500,000 has already been subscribed, and practically all of the needed remainder is in sight.

Giving their moral support to the enterprise are several theatrical managers and producers of New York who have been consulted. According to these men, Oakland is ripe for amusement of the kind it is proposed to give. Not alone are present conditions conducive to success, there is the coming of thousands of visitors to the Panama-Pacific Exposition will demand just such amusement as it is proposed to provide.

### PAVILION TO BE MONSTER.

The pavilion is to be the largest ever built in the West and as large as any now being operated in the country. Plans now being drawn are for a steel and concrete structure 200 feet by 500 feet. Under the roof will be every feature known to amusement parks and surrounding the giant building will be concessions of every sort.

The site has been selected, but this, too, has been reserved for future announcement. "You can say," said Julius Cohn today, "that the pavilion will stand not more than five blocks from Fourteenth and Broadway, in the business section and accessible from all parts of the city."

Several plans have been suggested, among them being the Delger block, bounded by Telegraph, Nineteenth and Williams streets, where the ground recently has been cleared, the old Delger home demolished and the structure and trees removed. The Sather property in Twelfth street was also mentioned in this connection.

Work on the structure is scheduled to begin within four months. Preliminary plans are already being drawn and from those and a study of like pavilions will be evolved the final plans. It is proposed to allow eight months' time in building, thus insuring the opening of the pavilion at the beginning of next summer's season.

Home industry is to be one of the features of construction. It is announced, California material is to be used throughout wherever possible. Oakland architects and builders will be in charge and the Oakland-Mary City brand will be on the completed structure.

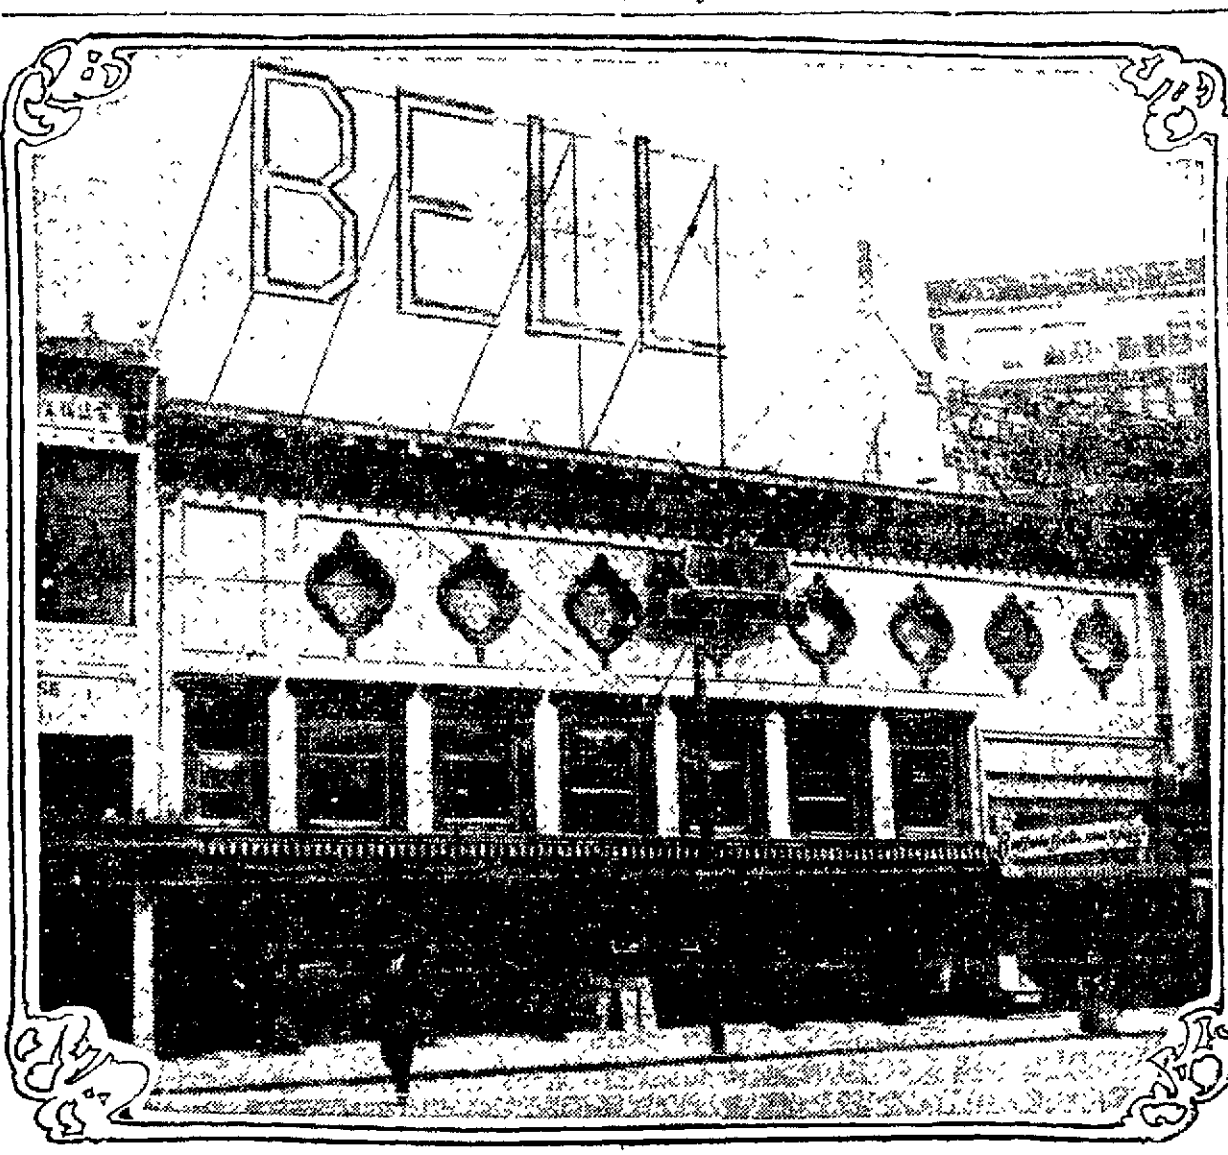

The interior of the building will be unique. By means of sliding partitions it will be possible to transform the immense auditorium into several smaller halls, a dance hall, a skating rink, motion picture theater and a show house for legitimate productions.

### STAGE AMONG LARGEST.

It is in connection with the theatrical end of the enterprise that particular attention is being paid. The stage of the new pavilion will be of the same dimensions as the New York Hippodrome and probably greater. The hippodrome stage is rated now as the largest in the world. On it are produced spectacular plays the size of which no show-house to date has been able to show.

According to the officers of the Bell Amusement company, the Oakland structure will house a stage large enough to take care of theatrical pro-

Bell Theater in San Pablo avenue which is to close Saturday. The building is to be converted into a modern office structure by F. J. Woodward.

ductions branded "stupendous." Practical assurance has been received that the hippodrome shows, "Ben Hur" and "The Garden of Allah" will be sent to the new house next summer and during the exposition.

### CONCESSIONS TO BE NUMEROUS.

Concessions secured from the East and Europe will be placed in the pavilion on a ground surrounding it in such a manner as to make a large amusement center of the block on which the structure will stand. On top of the building and skirting the edges for the entire block will be a modern scenic railroad. Both Abe S. Cohn and Julius Cohn plan to leave for Europe shortly, where they will seek concessions and features.

With the closing of the Bell theater in San Pablo avenue to make room for a modern business and office building ends the career of one of Oakland's first and most successful vaudeville houses.

"We have provided amusement for countless thousands since we opened," said Abe Cohn today, "and think we have been successful in giving Oakland the best there was for the money. We want to state here that we appreciate the support the city's people have given us and we are going to give Oakland one of the largest enterprises of its kind anywhere."

"That a structure of the kind will be a paying proposition is proved by the New York show men, who have studied conditions and know the wants of the people in all parts of the United States. Last season certain Eastern producers put down this city and score of others as 'bad show towns.' They had sent out inferior or mediocre productions and had to foot a deficit as a result. They failed to remember that there never was a good show town for a bad show—and there never will be."

### OAKLAND WANTS AMUSEMENT.

"We are demonstrating our faith by putting \$500,000 and more into the amusement game. Outside capital has been easy of access from the time we proposed erecting the pavilion. Already \$150,000 has been subscribed and we have assurance that all we need will be at our command."

"Those who are with us in the corporation are men of experience and foresight; they have had the chance to do with the theatrical game and can spot possibilities and sure-fire investments at long range."

"In four months we will start work on the pavilion and plan to have it completed eight months after that. We will be ready for the beginning of the Panama-Pacific exposition influx of visitors."

"The pavilion will mean more than a mere amusement enterprise. It will be an Oakland monument."

### TO BE REMODELED.

The building now occupied by the Bell theater, covering a site of 75 feet and a depth of 100 feet on San Pablo avenue, near Fifteenth street, is to be remodeled at once by the owner, Frank J. Woodward, at a cost of \$75,000. It will be converted into a three-story store and law structure, with a steel-frame front. The present building has a foundation constructed for a four-story building and is of brick and concrete material.

Plans for the new Woodward building, which will be a modern structure. Its location, opposite the new city hall and near the junction of Fifteenth street and the extension of Washington street with San Pablo avenue, is one of the choicest in the new retail section.

## GREAT 'BATTLE' IS REPORTED NEAR

### Reds and Blues in Frequent Vigorous Cavalry Clashes.

HEADQUARTERS OF GENERAL MAUS, Gate, Wash., July 25.—Frequent cavalry clashes make it look as though a great battle between the Red and Blue armies probably would occur Friday or Saturday. The Reds, with their camp at Portal, are reconnoitering the country toward the Black river, apparently with the intention of concentrating their forces at the bridges near Oakville and Cedarville, in an effort to force a passage toward Seattle.

All roads, villages and bridges are closely guarded and signal corps men are doing effective work on both sides, rushing back infantry gained by outposts and scouts.

General Maus and General Robert K. Evans of Washington, D. C., in charge of a division of military forces, went to the Red side today to watch operations.

From the fact that both sides have taken their rapid-fire guns to the bridges near Oakville, it is taken that each side considers the road in that section most important and purposes to hold it at all cost.

No fighting was done last night, though heavy outposts were out.

### Chicago Census Gives City 2,271,700 People

CHICAGO, July 25.—Chicago's present population is 2,271,700, according to the biennial census just completed. The figures of the last federal census were 2,185,285.

The school census shows the total number of minors in the city to be 852,816, of which 50,791 are foreign-born and 11,151 are negroes.

According to the count, there are only 157 children between the ages of 12 and 21 who are unable to read or write some language.

DECLARED EXTRA DIVIDEND. BOSTON, July 25.—An extra dividend of 30 per cent in new stock, in addition to the regularly quarterly disbursement of 2 per cent, was declared today by the directors of the General Electric Company.

## HELP! MAN'S LEGS ARE CUT OFF!

### They Were All Right, But the Accident Happened Many Years Ago.

SAN FRANCISCO, July 25.—The Southern station patrol wagon drew up at the curb at Eighth and Bryant streets last night with the horses rearing and the driver hot after a speedy dash over the rough cobblestones. The prison keeper, Stephen Clark, apprehensive, had notified the lieutenant. The hospital had been warned and all concerned were on edge with excitement. It all came as the result of a terrified voice over the wire, "Hurry with the wagon, there is a man here with his legs cut off," said the speaker.

"You don't want the wagon, you want the ambulance," replied Clark. "The wagon is what I want—the ambulance is what I need," replied the speaker, retorted the other with impatience.

Clark figured that the ambulance must be on another call and dispatched the patrol wagon on the run. This was responsible for the exhausted state of the horses and the feverish anxiety of the driver and wagon officer. The latter jumped to the street, pushed his way through the crowd which had assembled and found Policeman Paddy Butler. Butler, in custody Micky McCarthy and Micky had both legs off. They, however, had been taken off years ago in an accident and their manufactured counterparts were at that moment reposing on a chair in Micky's room. He, however, had taken too many cocktails to remember their whereabouts.

"Did you send that call?" panted the wagon officer.

"I did not," replied Butler. "But I sent word to a blacksmith to telephone that I had Legless Micky, with too much benzoin aboard."

The horses walked back to the station.

## Australia Objects to Canal Bonus for U. S.

### Senate of Commonwealth Passes Resolution Against Proposal.

MELBOURNE, Australia, July 25.—The Senate of the commonwealth of Australia unanimously passed today the resolution adopted by the House of Representatives on July 1, in reference to the Panama Canal. Its terms are "In the opinion in this House any system providing for a bonus or a rebate of canal duties to American shipping in the Panama Canal would be detrimental to the interests of Australia."

BEVERIDGE CHAIRMAN. CHICAGO, July 25.—Former Senator A. J. Beveridge of Indiana has been chosen temporary chairman of the national convention of the Progressives in Chicago, August 5. This announcement was made today by Senator Joseph M. Dixon.

## GOES TO AID ANTI-RING LAW OF COLONEL'S NAME

### Sheldon Says Roosevelt Knew Nothing of Harriman Contribution.

### Big Interests Contributed to Election Fund for Rough Rider.

WASHINGTON, July 25.—George R. Sheldon, treasurer of the Republican national committee in 1908, told the Senate committee investigating campaign funds today his version of the late Edward H. Harriman's contribution to Roosevelt's campaign in 1906.

Sheldon said he knew unofficially that J. P. Morgan & Co. and Henry C. Frick were contributors in 1904. The late Cornelius N. Bliss was treasurer then, but Sheldon was associated with him in an unofficial capacity. He could not remember the amounts which the Morgan firm or Frick gave in 1904, but classed them among the large contributors.

The books which Sheldon as treasurer kept in 1908 were produced for inspection of the committee.

### HOW ABOUT IT?

Senator Paynter asked about Harriman's contribution. He said he had heard it discussed and asked Sheldon to tell what he knew about it.

"That has all been printed—my letter to Mr. Roosevelt," responded Sheldon.

"I did not recall that you had written anything. Tell us anyway."

"About two weeks before the election," began Sheldon. "Governor O'Dell, who was state chairman, came to Mr. Bliss, then treasurer of the Republican national committee, and stated that whereas it was perfectly clear that Mr. Roosevelt would be elected the state ticket was in doubt, it was asked for some money. Mr. Bliss said he had no money, but he would see what he could do. He went to Mr. Harriman and Mr. Harriman—

with Mr. Bliss—got together some \$250,000 and the money was handed to the state committee, and never went into the national committee."

"Did Mr. Harriman see any one else before he contributed?" My memory of events is a little hazy," said Senator Paynter.

"I assume that he did not," replied Sheldon.

### CLEAR ROOSEVELT.

"Was not it a subject of correspondence between Mr. Harriman and Mr. Roosevelt?"

"No, sir, Mr. Roosevelt never knew anything about it until long after the election."

"What was there about a letter which disappeared from Mr. Harriman's files?"

"I know nothing about the letter."

"Was not the public first apprised of this contribution through a letter the President had written to Mr. Harriman?"

"I cannot tell you," replied Sheldon. "You said that Mr. Roosevelt knew nothing of it until after the election. By that you mean that you have no knowledge of his knowing?"

"I had no knowledge," Sheldon referred to his books and said the contributions to the national committee in 1908 amounted to \$1,659,618.37.

The Senate committee has been trying to get former Governor O'Dell of New York to testify about the Harri-

## EVERYBODY CONNECTED WITH PRIZE FIGHT WOULD BE LIABLE.

### Amended Petition Presented to Los Angeles County Clerk.

LOS ANGELES, July 25.—The amended anti-prize fight petition, rejected last Monday by the county clerk because of irregularities in giving the voting precinct of the signers, was presented to that official again today. It bears 3000 names.

The provisions of the proposed law would make every one connected with a ring battle from the most unimportant helper about the training quarters to the principals and promoter, guilty of a felony and liable to imprisonment in the penitentiary. This also includes newspaper men who work on the fight story.

After being checked up the petition will be sent to the secretary of state, but before placing it upon the official ballot to be voted upon that official must see that other petitions on the same subject bring the total signers up to 30,358. These petitions, it was said, are now being circulated in the northern part of the state.

## JUDGE CONTINUES CASE AGAINST CHAS. BONNER

SAN FRANCISCO, July 25.—Superior Judge Dunne today continued to a continuance in the case of Charles Bonner, the boy accused of the murder of Bernice Lillian Godair, until August 5. The matter was allowed to go over because of the engagements of the defendant's counsel, William Hoff Cook.

Chief Counsel Earl Rogers of the defense stated in court that neighbors of Leavitt had declared the juror had displayed a bias against Darrow before the trial began. Neighbors said that one Dill, a brother-in-law of Leavitt, had made such a statement concerning the juror as late as 7 o'clock this morning.

One of the statements accredited to the juror was a reference to the Meyer Haywood-Pettibone case, in which Darrow appeared as counsel, and concerning which Leavitt wanted to know if that "scamp" (meaning Darrow, the defense alleged) had bought the jury.

Rogers also charged that Robert Hicks, at one time an employee of the district attorney's office, had gone to Leavitt's home and once had hidden in the juror's hay loft.

District Attorney Fredericks retorted that Hicks had been employed by him for only two hours in his life. Fredericks also contended that the law made no provision for a test of Leavitt's qualification as a juror, as the defense requested.

Judge George H. Hutton said he was sure the court, the prosecution and the defense were one in desiring a fair trial, but that there was a question of whether there were legal grounds to stop the trial to test Leavitt's qualifications.

The defense contended the court had the right to order a test of Leavitt's ability to serve as a juror and expressed a wish to bring Leavitt's neighbors into court to testify concerning his alleged bias. The prosecution declared it was now too late for such a procedure, which should have been taken before the trial.

The law providing that alternate jurors may be substituted for regular jurors only when the latter die or become too ill to serve.

## FAIL TO OUST DARROW JUROR

### Judge Rules That Time for Challenging Peer Passed When Case Opened.

### The Prejudice Charge Hurlled Against L. A. Leavitt by Defense.

LOS ANGELES, July 25.—Judge Hutton ruled against the defense in the bribery trial of Clarence S. Darrow today on its motion for an examination of Juror Leavitt as to alleged bias against the defendant.

The judge said such a test could not be made within the law after a trial had once started. Challenges against jurors, he ruled, should be made before the juror was impaneled and that after a trial was begun each side should hold its peace until the case was fully presented.

Juror Leavitt of El Monte, who, because of a threatened attack of appendicitis, delayed the trial several days, appeared in court today for the first time this week. Though he declared himself ready to proceed the taking of testimony was delayed while arguments were made over the motions of the defense for the discharge of the juror and the substitution of A. M. Blakesley, the alternate juror.

While the motion of the defense was made on the ground that Leavitt's malady was such that it might return at any moment, the allegation also was made that he had been prejudiced against Darrow and against union labor at the time he qualified as a juror.

One of the statements accredited to the juror was a reference to the Meyer Haywood-Pettibone case, in which Darrow appeared as counsel, and concerning which Leavitt wanted to know if that "scamp" (meaning Darrow, the defense alleged) had bought the jury.

Rogers also charged that Robert Hicks, at one time an employee of the district attorney's office, had gone to Leavitt's home and once had hidden in the juror's hay loft.

District Attorney Fredericks retorted that Hicks had been employed by him for only two hours in his life. Fredericks also contended that the law made no provision for a test of Leavitt's qualification as a juror, as the defense requested.

Judge George H. Hutton said he was sure the court, the prosecution and the defense were one in desiring a fair trial, but that there was a question of whether there were legal grounds to stop the trial to test Leavitt's qualifications.

The defense contended the court had the right to order a test of Leavitt's ability to serve as a juror and expressed a wish to bring Leavitt's neighbors into court to testify concerning his alleged bias. The prosecution declared it was now too late for such a procedure, which should have been taken before the trial.

## OAKLAND CHILD IS RABIES VICTIM

Infant Girl Treated by Pasteur Method, Following Dog Bite.

UNIVERSITY OF CALIFORNIA, July 25.—The infant daughter of Mrs. J. J. Doherty, of Oakland, was treated for rabies today by the Pasteur method by Dr. W. H. Sawyer of the State Hygiene Laboratory in the university.

The dog which bit the child was examined yesterday and showed traces of rabies. The dog was killed by a shot fired by the police.

Sawyer says an epidemic of rabies is prevalent in the state, the following counties having been infected: Imperial, Riverside, San Bernardino, Orange, Los Angeles, Santa Barbara, Ventura, Kern, San Luis Obispo, Tulare, Kings, Fresno, Madera, Merced, Stanislaus, San Joaquin, Santa Clara, Alameda, San Francisco, Contra Costa, San Diego, Santa Cruz, Colusa, Sacramento and Yolo.

**RABIES CAUSE DEATH.**—Two deaths of babies within two days of each other have occurred in the past week in San Francisco, according to reports received by Dr. Sawyer. Frank Bryant, a sixteen-month-old boy died Monday, two days after the death of John L. Rohrer. The former was bitten by a strange dog in Golden Gate Park, the latter by his pet puppy in his own yard.

Sawyer has also completed this week the examination of the head of a cat which bit a young woman of Alameda, whose name has been withheld. The examination showed positive traces of rabies. The victim of the cat's bite is taking the Pasteur treatment from her family physician.

The quick succession of the two cases in San Francisco, each resulting in death, has again called the attention of the State Hygiene Laboratory, State Board of Health and the local health authorities to the significance of the danger to human beings from rabies.

The Pasteur treatment after being bitten, through ignorance of the fact that the animals biting them are infected with rabies, is a very common occurrence.

Dr. Sawyer pointed out this morning that the work of the San Francisco pound was being steadily improved. Numerous dogs had been taken up and destroyed and the impounding ordinance was being strictly enforced.

No special type of muzzle had been specified by ordinance and a poor and inefficient type was being employed in many cases.

**WAREHOUSEMAN SAVED BY PHYSICIAN'S WORK.**—Artificial respiration, applied persistently and capably, was all that saved Martin Diersen, a warehouseman, from death by drowning yesterday afternoon.

Diersen fell off the water wagon and then tumbled off the Haight street wharf, floating under the railroad bridge. He was pulled out unconscious by stevedores, who hurried him to the receiving hospital. There he lay for several hours, until Dr. C. E. Curtis, Steward Davidson and Nurse McManis, a quack of an hour of hard work to resuscitate him. Diersen lives at the Newport rooming house and is employed in the warehouse of A. Schleuter.

**CRUISE NEAR HONOLULU.**—VALLEJO, July 25.—According to information received at the California and South Dakota are due to arrive at Honolulu from Yokohama or about August 1. They will take mail and passengers to San Diego.

## ALAMEDA IS PERFECTING NEW HYDRO-AEROPLANE

AVIATOR FRANK BRYANT

ALAMEDA, July 25.—Frank Bryant, the Alameda aviator, who returned recently from Goldfield, Nevada, is busy at work at his hangar on the Alameda marsh in perfecting a hydro-aeroplane, which he says will revolutionize the art of flying and sailing in the same machine.

Bryant and Francis came into prominence when they made a trans-oceanic flight, delivering letters to Secretary Philander Knox and Mayor Ralph at the residence in San Francisco. Both men have carried women passengers on several of their flights. They are conducting a school of aviation on the marsh and have a number of pupils.

Several amateurs are under instruction in the use of the machine. It is equipped with double propeller blades and carries a motor of 100 horsepower. A test was recently made in this machine of the Converse marconium balance, a device which automatically keeps an aeroplane right side up.

**SUIT TO BREAK WILL INVOLVES BIG ESTATE.**—RICHMOND, July 25.—The contest of the will of Mrs. Eugene E. Hitzler, who died in New York February 3, 1911, brought by her daughter, Mrs. Burenia W. Lees, was called for trial yesterday in San Francisco. Mrs. Lees claims that a settlement can be effected out of the estate in this city, valued at \$175,000.

Mrs. Lees claims that the terms of her will created a trust fund of \$40,000, dividing the income of it between Mrs. Lees and her children. The remainder of the property was to be divided among her three children. Mrs. Lees claims that the will was made under duress and seeks to have it set aside.

**STRIPS CLOTHES LINE.**—BERKELEY, July 25.—Berkeley has a new sort of thief who is making it his business to denude the lines of industrious housewives. The thief is a woman, who is called "The Clothes Line Thief."

The thief is a woman, who is called "The Clothes Line Thief."

## THOUSAND HEAR ABOUT SCHUMANN

Largest Audience of Course Attends Address by Dr. Surette.

UNIVERSITY OF CALIFORNIA, July 25.—The largest audience that has heard Thomas W. Surette of Oxford University in his course on "The Appreciation of Music" greeted him last evening when he spoke on "Schumann." Close to 1000 persons were in the lecture hall.

Dr. Surette spoke especially of Schumann as an individual in music. He told of his romantic life of his war on the pianoforte, his composition and his compositions. Miss Anna Miller Wood, mezzo-soprano, Miss Elizabeth Simpson and Mrs. Robert Hughes, pianists, assisted the speaker.

Two other lectures were also well attended at the summer session last evening. Dr. Reinhard Thum, President of the German professor at Columbia University, spoke in German on "Bismarck" at the lecture hall.

**TO INVESTIGATE ANOTHER SALOON.**—The Alameda Police Prefer Charges Against One More Barroom.

ALAMEDA, July 25.—Coming speedily upon the heels of a complaint filed with the Alameda Police by the conduct of a saloon at the corner of Webster street and Lincoln avenue, comes another complaint to the mayor by the Alameda police, preferring charges against a saloon at Walnut street and Etna avenue, operated by Edwin C. Mues, and asking immediate investigation.

The complaint was filed today. Its exact nature has not been made public by the mayor.

On the strength of the two complaints, Mayor Hoy has called a special meeting of the council, to be held next Monday night in the council chambers of the city hall, to hear the charges.

**IMPROVERS TO GIVE PROGRAM.**—Farce to Be Chief Feature of Longfellow Club's Entertainment.

BERKELEY, July 25.—The Longfellow Improvement Club has planned an elaborate entertainment for tomorrow evening to be held in the Longfellow school assembly hall, near Berkeley.

The farce, "The Frog and the Toad," will be presented by children as the chief feature of the entertainment. The following program has been arranged:

Remarks, "The Functions of an Improvement Club," by George Gelder; three-act farce, entitled "The Frog and the Toad," by the children.

## READY TO BEGIN POSTOFFICE WORK

Contractor for Alameda's New Federal Building Arrives From the East.

ALAMEDA, July 25.—William V. Murray, of an engineering and construction company of Helena, Mont., to which firm was awarded the contract for the construction of the postoffice building in this city, arrived yesterday from the east.

Murray states that work will be immediately commenced upon the new federal building and that it will be rushed to completion.

The building was the guest yesterday of J. L. Baker, president of the Alameda National Bank, who escorted Murray around the city, showed him the various means of water and rail shipping, and introduced him to many of the sub-contractors.

Murray pronounced all the advantages of the city. He stated that he was so much impressed with the city that he will take up his permanent residence here. For the present he will rent a home and be joined by his family in a few weeks.

Pending the arrival of the structural steel, the foundation will be completed and will be in readiness for the building materials reach Alameda.

The plans for the building show a handsome structure of one and one-half stories, with a 20-foot excavated basement, the main floor will accommodate the offices, mailing rooms, etc. The finish is to be tiled floor, marble wainscoting and mahogany woodwork.

In the basement will be rest rooms and a gymnasium for the clerks and carriers. The building will cost over \$120,000.

**AUSTRALIANS WILL SEND STUDENTS.**—Two Melbourne University Men to Study Irrigation in California.

UNIVERSITY OF CALIFORNIA, July 25.—President Wheeler in his report to the board of regents, in recommending the appointment of Professor Elwood Mead, of the University of California, to the position of director of the California Irrigation Experiment Station, mentioned the fact that the Victoria University, Australia, has sent two students to study irrigation in California.

These will be held first by A. P. Flockner, of the University of California, and then by A. P. Flockner, of the University of California, and then by A. P. Flockner, of the University of California.

These will be held first by A. P. Flockner, of the University of California, and then by A. P. Flockner, of the University of California, and then by A. P. Flockner, of the University of California.

## YOUNG WIFE OF CONTRACTOR IS REPORTED MISSING

Contractor for Alameda's New Federal Building Arrives From the East.

MRS. GEORGE H. PORTER.

BERKELEY, July 25.—Francie, wife of the contractor of the new federal building in Alameda, who was reported missing Monday from the Porter home, at 1810 University avenue, and all efforts of the husband to locate her have been in vain.

Porter went to his work as usual Monday morning. Soon afterwards, according to neighbors, Mrs. Porter left her apartment in Berkeley, and has not been seen since. Her absence, but with no explanation thereof was found by the husband upon his return in the evening.

The Porters have been married but a short time, the wife being but 19 years of age, and because of her slight figure and youthful face, appears much younger.

She has friends in Berkeley, who believe she may have gone to them. Chief Vollmer has notified the Stockton authorities of her disappearance.

When Mrs. Porter left home she wore a blue tailor-made suit and a large black hat with black and white ribbons. She is dark-complexioned and dark-eyed, with somewhat of the Italian type of features.

## CHALLENGE COMES FROM SAN DIEGO

Alameda Rowers Asked to Enter in Southern Regatta.

ALAMEDA, July 25.—The Alameda Boat Club is in receipt of a challenge from the San Diego Boat Club to enter a regatta to be held in San Diego on Labor day next.

The regatta will be held on Glorietta Bay, off the Coronado Point, and a very smooth and unobstructed course. The San Diego Club asks an answer by August 1.

Although the letter was received only today, and has not as yet been presented before any meeting of the club, it is likely that the local oarsmen will accept the challenge. It is pointed out that the San Diego rowers have twice been defeated by the local crew, and that on this account it is only fair that a return challenge should be accepted.

The local rowers will be easily able to take part in the southern regatta, as they do not leave for Honolulu until August 2, when they sail on the steamer Wilhelmina to take part in the island regatta.

The crew which will take part in the island race has not been selected as yet. It will be composed of the members of the four-oar crew, and the other two members will be selected after a tryout on the estuary next Sunday.

**BRANDT FUNERAL HELD TODAY.**—ALAMEDA, July 25.—The funeral of Frederick W. Brandt, the Webster street liquor man who committed suicide last Friday morning, was held at 10 o'clock this morning at the residence of Mrs. Brandt, at 1810 University avenue.

Brandt, the widow, who was on a visit to her parents in Berkeley, was accompanied to Alameda and arrived a few days ago. The remains of Brandt were cremated.

**ALAMEDA PERSONALS.**—ALAMEDA, July 25.—Misses Stella and Alma Koordt will leave next week for the south where they will spend a couple of months in sightseeing and in the mountains. They will visit relatives and friends at Riverside.

Miss Marjorie Winton has returned from Stockton, where she was the guest of Miss Catherine Tully.

Miss Gladys Kalign, who has been the guest of Mrs. Winton, will be married this evening to William L. Murphy. The wedding will take place at the residence of Mr. and Mrs. Murphy, at 1810 University avenue.

Claude Brock and Stanley Allen returned yesterday from Alaska, where they were in the army transport Sheridan, which also carried the Sixteenth Infantry.

Dr. and Mrs. M. Pond and daughter, Miss Mary Pond, are expected to return home Saturday from the east, where they have been visiting with friends about three months.

Dr. and Mrs. William Paul and family are home after an outing which they spent at Ben Lomond.

Brookdale drives to be a popular summer resort for Alamedans and many of the prominent families are summering there, among them being Mr. and Mrs. W. M. Hunt, who have been occupying much time in visiting and sightseeing.

Jesse M. Levy and son, Jesse Jr., are making a week's auto tour of the southern part of the state.

The delightful Sunkle cottage at Russian River Heights is again the scene of a party, which will be held on Saturday.

As the guests of Mr. and Mrs. Sunkle and Miss Gladys Sunkle, many young people around the bay are enjoying a vacation.

Miss Myrtle Hendrick left today for Monte Rio, where she is visiting friends. She will enjoy the delights of the Russian River country.

## WOMAN STRUCK AND KILLED BY TRAIN

Victim Was Aged Spinster, Here to Settle Up an Estate.

ALAMEDA, July 25.—Struck down and killed by an electric train in this city at 6 o'clock yesterday evening, Miss Susie Diamond, an elderly spinster of Hanford, lies on a slab in the local morgue.

Miss Diamond was struck in the sight of a score of horrified passengers. The woman had just arrived in this city from Hanford on business in connection with the estate of the late Mrs. E. A. Fargo, who resided at 2242 San Antonio street, and who dropped dead over a year ago.

Walking north on Willow street, Miss Diamond, probably absorbed in thought, walked directly in front of the electric train. Every effort was made on the part of the motorman to stop his train and the sound and whistle were sounded continuously, but no attention was paid to the din by the unfortunate woman, and it is believed that she was either deaf or so absorbed in her thoughts that she was totally unmindful of her danger.

The body was at once removed to the Alameda morgue, and an inquest will be held. A post mortem examination revealed that many of the bones were broken by the force of the blow, although the body was not badly mangled.

Miss Diamond, on the death of Mrs. Fargo, was appointed administratrix of the estate. From papers in the suit case the woman carried it was learned that her attorney was Dixon L. Phillips of Hanford. He has been consulting with and the body is being held pending instructions from him as to its disposition.

Miss Diamond was 60 years of age.

**ELECTRICAL MEN ON VISIT TO PALO ALTO.**—SAN JOSE, July 25.—A business meeting for members only occupied the time of the electrical contractors at their state convention here today until 2 p. m. The program for the afternoon is a sightseeing trip to Palo Alto, where a lunch was served by the Chamber of Commerce of that town. This evening they will be guests at a theater party.

**LAWLOR TO PLEAD SATURDAY.**—SAN FRANCISCO, July 25.—Jimmie Lawlor was on hand before 10 o'clock this morning when his case was again called in Judge Dwyer's court. He was arraigned on the white slave charge preferred by Henrietta Bretagne and the matter continued until next Saturday. At that time the accused will be called upon to plead.

**BERKELEY SOCIETY.**—BERKELEY, July 25.—To be the guest of Mrs. C. C. Schneider at the ranch near San Jose, Miss Leontine Rickard left Berkeley the first of the week. She will be entertained by her hostess for fortnight or more. Mrs. Schneider was Dora Havens. Miss Leontine Rickard is a daughter of Mrs. Thomas Rickard.

The friends of Miss Marjorie Fago will be glad to know that she is gaining strength after the serious operation a few weeks ago.

A summer outing at Long Beach was enjoyed by Dr. and Mrs. Edward Higg. They are again at their home in Berkeley. Mrs. E. L. Wilbur, an aunt of Mrs. Higg, and Mrs. A. C. Joyce of Stockton are spending the summer in Berkeley.

Dr. and Mrs. W. S. Wattles have one of the very attractive cottages at Long Beach, and during the season spend every week end at Inverness. One of the group of summer homes at Inverness is owned by Berkeley people. It is that of Dr. and Mrs. Frank W. Ramona. The Ramona is at the summer cottage now and Dr. Ramona spends the week-end with his family. Dr. and Mrs. William Mason also have a cottage there, which is occupied at the present time.

Miss Sue Irwin is a member of a fishing party which left Berkeley yesterday morning on the Western Pacific, planning to go into the Cascade country on an extended trip. Miss Irwin is very prominently identified with the affairs of the city. She is the first vice-president of Berkeley parish, No. 150, N. D. G. W.

**RIESER RECEIVER FOR APARTMENTS**

Man Who Married Correspondence Wife to Handle Income.

A. A. Rieser was appointed a receiver in the Superior Court this morning for the property and house known as the Lake Merritt apartment house, which is owned by the matrimonial troubles of Grace De Loya Wright, a correspondence bride, who was arrested by her husband, who was accompanied by his bank roll, and who tried to beat out her brains in the city prison of San Francisco Sunday night.

Rieser qualified under a \$2000 bond and will handle the income from the apartments until the court has a chance to straighten out the domestic troubles of the Wrights.

Accumulating about \$4000 by mining in Nevada, Rieser tried to secure a divorce from a wife through a Denver matrimonial agency, and when the wife answered Wright's advertisement and they were married in Stockton April 15, 1912, settling in San Francisco after a brief honeymoon.

Wright gave his wife \$2500 to invest in what she said was an ideal apartment house venture in Oakland, but after Mrs. Wright had failed to turn out the money, he turned out to tell her spouse where she had located.

Wright turned detective and finally, after several sensational episodes, managed to trace his wife. Inspector R. B. McMorrey arrested Mrs. Wright at the Lake Merritt apartments and brought her to San Francisco to answer her husband's charge.

Mrs. Wright tried to beat out her brains against the steel bars of her cell and was only prevented from fracturing her skull by the timely intervention of the police.

The case has been set for trial.

**"BRYAN?" ROOSEVELT'S TEETH SNAP TOGETHER**

OVERSEA RAY, N. Y., July 25.—Colonel Roosevelt smiled today when he was told of reports that William J. Bryan would follow his trail through the campaign.

"Bryan?" he asked. The colonel's law about forward aggressiveness and his teeth came together with a sharp click. "I don't mean that there is no such a thing."

**MAY FLASH LAW ON WIRELESS GIRL**

Miss Mabelle Kelso Due to Be in the Public Eye Shortly.

SAN FRANCISCO, July 25.—Miss Mabelle Kelso, the only woman now holding a government certificate as a wireless operator, a pretty girl with a natty blue and white skirt of the same cloth, a blue cap trimmed with gold lace, who ranks as a ship's officer on the liner Mariposa, sailing between Seattle and Alaska, will be very much in the public eye shortly.

Indeed, the young lady may be the subject of a congressional committee hearing, and possibly Congress will be asked to define her legal right to hold the position of a wireless "man" on an ocean-going vessel.

Disappointed from Washington today state that Congress may legislate to bar women from holding such positions, which are under government jurisdiction and regulated by the navy department, which became a law last Monday, when President Taft affixed his signature.

Inspector of the Pacific Coast, with headquarters in the Customs House here, said that he knew of no law which would bar a woman from holding such a position, but he would not discuss the case further, as he heard from the Department of Commerce and Labor.

**CASES DISPOSED OF IN ALAMEDA POLICE COURT**

ALAMEDA, July 25.—Charles Bell, a charwoman for this city, arrested on charges of vagrancy, was sentenced to serve three months in the county jail. The sentence was pronounced by Judge Aaron Turner of Oakland, sitting for City Justice Robert B. Tappan.

R. W. Ames, arrested by a Traffic Policeman E. A. Willing for a violation of the city ordinance, was sentenced to 10 days in the county jail.

B. Bellico, arrested by Policeman Joseph Bettencourt for failing to comply with the ordinance requiring a license to be taken out for the operation of a laundry, was released on payment of the fee.

Louis Buck, arrested by Policeman Chester T. Jones for failure to comply with an ordinance requiring lights on bicycles at night time, was released on posting bail in the sum of \$2.

**ALAMEDA COUNTY JAIL**

ALAMEDA, July 25.—Frank N. and Mrs. Dora and little daughter Muriel, residing at 2242 San Antonio street, from month through Napa, Lake and Sonoma counties. The tour was made from San Francisco, through the Clear Lake district and to the various springs. A stop of a week was made at Anderson Springs, and from there the party motored to Alameda, arriving today.

**RETURNS FROM NORTH.**

BERKELEY, July 25.—Smith Smith, president of the Berkeley Business College, and Mrs. Smith, who returned from Spokane, where they attended the Commercial Travelers' Association, Smith declares that the city is a better place for the convention of the association in 1914.

**ATTORNEY PRATT MAKES STATEMENT**

Says His Integrity, Honor and Fair Dealing Have Never Been Questioned.

EDITOR TRIBUNE: Referring to the article appearing in your issue of the 19th instant under heading of "Makes Child From Father's Pies in Auto," and supplementing my phone conversation of the 19th instant with your business manager, I respectfully request you to publish the following statement, which is a true and correct statement of the facts and the unperturbed nature thereof, that a denial in toto of every insinuation or direct statement contained in the article relating to my family or myself be published by you.

My integrity, honor and fair dealing, until your article, has not, to my knowledge, been called into question.

On the attributes of character just stated, depends my success to no small degree, not only in the conduct of my professional business, but in the carrying on and the maintaining of the integrity of the electric light and power business of the Indian Valley Electric Light and Power Company, of which I am president and in which I have a large interest.

My article has been subjected to me to adverse criticism, ridicule, and has had a tendency to injure me in my occupation—I am unnecessarily taxed to fight off any mental disturbance or worry and am nearly incident at least to such unpleasant notoriety, through no fault of mine.

When an untrue and unperturbed publication has been made subjecting me to the division to contempt, ridicule, or obloquy, or which causes or has a tendency to injure him in his occupation, a liability house parties, as it will last summer.

When statements concerning an individual are made and there is sufficient ground to believe that the statements are untrue, but instead of an inquiry the matter is rushed to print irrespective of the truth or privileged nature of the publication, the publisher of the law is that if not an indisputable presumption of malice, there is, at least, the presumption. Be this as it may, I have been and am being injured because of the libel, and the damage thereby cannot be measured in dollars and cents.

However, as the law directs the liability of the publisher of a libel, as far as possible, in justice to myself, I should to the utmost extent, attempt to be made whole under the provisions of the law made to fit such a case as in this of mine.

Most of the time for the past several days, I have been confined to my bed, otherwise this matter would have been presented in person.

If your disposition is to rescind the article by contradiction as herein requested, and an entire withdrawal of the libel, and the damage sustained, kindly let me know that I may conclude what alternative to adopt. Yours very truly, O. C. PRATT, San Francisco, July 25, 1912.

## BROWN BOTTLE

Our Agencies Dot the Earth

### is now Standard the World over

For sixty years we have used the best materials and inventions to make Schlitz pure and keep it pure.

We go to Bohemia for hops.

We go 1,400 feet down to rock for pure water.

Our yeast, from which we propagate the mother cell, has been carefully guarded for sixty years.

There is no purer beer brewed. We keep it pure, too, from the brewery to your glass, by using the Brown Bottle. Light starts decay, even in pure beer.

See that crown or cork is branded "Schlitz."

### FOREST FIRE IS 50 MILES LONG

#### Skagway Citizens Extinguish Big Blaze Which Threatens Alaskan City.

SKAGWAY, Alaska, July 25.—A forest fire fifty miles long, fanned by a southeast wind, swept down from the mountains yesterday and threatened the destruction of the city. Every man in Skagway and all the employees of the White Pass & Yukon railway, including President Dickerson, went into the hills to fight the fire, and after working all afternoon pronounced the city out of danger.

The fire had been burning in the mountains two days and when the wind drove it toward the city the flames leaped hundreds of feet above the peaks overlooking the town, presenting a fearful spectacle. Much cord wood and many small camps were destroyed, but it is believed that no lives were lost. A pall of smoke like that from a volcano hangs over this section of Alaska. Five hundred men are still in the mountains fighting the fire.

### BROADWAY HAS GOOD ALL-COMEDY BILL

The Broadway will produce an all-comedy bill for the last part of the week which is brimming over with entertaining features, which attract many expressions of laughter. As an antidote for the vaudeville proved a success, Robinson brothers and Wilson, "The Boys Who Sang for Taft," were a surprise and were the big hit of the show; Jacobs and Sordell, acrobatic comedians, introduced many new novelties and the pantomime comedy is beyond the average.

May and June, singing and talking entertainers, carry their own scenery, which adds snap and ginger to the rapid-fire character.

Berdona, character change, sourette, produced several good numbers, being exceptionally good in her Italian dialect. Miss Francis Schmitz, assisted by her sister in illustrated songs, was well received, and a complete new selection of moving pictures make up a good bill.

### BOYS' CAREER AS INDIAN FIGHTERS IS SHORT-LIVED

On their way to assume the white man's burden by exterminating the Indian tribes of Nevada and Colorado, five small boys from San Francisco were intercepted in the city last night when they left the creek ferry at the foot of Broadway on the first stage of their journey. The youthful Indian fighters were equipped with blankets and goods for a mountain expedition and carried their rifles as weapons of offense and defense.

Policeman McKeegan arrested the boys and booked them at the city prison as runaways. They were turned over to the detention house and will be taken back to their parents today. The boys ranged in years from 10 to 13. They were led by Frank Vellants, 13 years of age, the other members of the party being Antonio and Samuel Lilly Joseph Dits and Fred Morris.

### SAN PABLO FORESTERS TO INSTALL TONIGHT

SAN PABLO, July 25.—The semi-annual installation and initiation of the San Pablo Foresters of the Order of Foresters of the United States will be held in the city tonight. The installation will be followed by the initiation of 25 members into the order. The ceremony will be held at the grand lodge at the conclusion of the evening's entertainment.

At the conclusion of the ceremony a banquet will be held at the grand lodge. The officers to be installed are: Frank Weber, sub-chief; Frank Weber, chief; Frank Weber, recorder; Frank Weber, treasurer; Frank Weber, sergeant-at-arms; Frank Weber, chaplain; Frank Weber, inner guard; Alfred Mizguel, outer guard; George Dutra, musician.

### Poll Tax Notice

Office of the Assessor of Alameda County.

Oakland, March 11, 1912.

Notice is hereby given that the State Poll Tax of two dollars for the year 1911 is now due and payable by all persons who are liable therefor. The tax is payable to the Assessor of Alameda County, room one, Court House, or from any Deputy Assessor.

Section 2829 of the Political Code reads as follows:

Every male inhabitant of the State over twenty-one and under sixty years of age, except pauper, insane persons and idiots, must annually pay a Poll Tax of two dollars, provided the same be paid between

Then it shall be three dollars.

Section 2844 of the Political Code makes it the duty of the Assessor to demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay, he must collect by seizure and sale of any personal property owned by such person.

Under Sections 429 and 435 every person who refuses to give his own name or the name of his employer, or who in any manner obstructs the Assessor or any of his deputies in the collection of the State Poll Tax, is guilty of a misdemeanor, and liable to a fine of \$500 or imprisonment in the County Jail for not more than six months.

JOHN P. COOK, Assessor.

### Notice to Taxpayers

Office of the Assessor of Alameda County.

Oakland, March 11, 1912.

All persons, firms, companies, corporations, or individuals, who are liable to pay taxes, are hereby notified that the time for the payment of taxes for the year 1911 has expired. Any taxes not paid by the deadline will be added to the principal and interest thereon.

JOHN P. COOK, Assessor.

### First Monday of March, 1912

in accordance with Section 28.3, Political Code.

Every person who is liable to pay taxes for the year 1911, and who has not paid the same, is hereby notified that the time for the payment of taxes has expired. Any taxes not paid by the deadline will be added to the principal and interest thereon.

JOHN P. COOK, Assessor.

### MAN HURT WHEN CAR STRIKES WAGON

SAN FRANCISCO, July 25.—A collision between a Sutter street car and a wagon of the Gas and Electric Appliance Company, 441 Sutter street, caused a serious injury to Fred Badello of 869 First street, at 8 o'clock this morning. Badello was sitting on the sidewalk in front of the store when the car struck the vehicle, throwing him to the street. He received contusions of the side and possible internal injuries, the exact nature of which have not been determined. He is being held at the Central Emergency hospital.

**SUBURBAN REAL ESTATE**  
MR. COMMUTER  
A Home for You in the Exclusively  
Beautiful

**"Mount Diablo Country"**  
On the line of the Oakland & Anti-  
loch railway, 20 minutes from  
ferry building in San Francisco.

Get a lot and build a home in our  
Walnut Creek Township. Large lots,  
all city conveniences. You make the  
terms yourself. Buy now before the  
real estate market is flooded with  
homes. Come in and let us tell you about the  
delightful valley lying only ten miles  
from Oakland where the sun shines  
most of every day, year, and the  
raw winds are all but unknown, where  
the flowers bloom in profusion and all  
the fruits and nuts known to California  
grow and bear to perfection.

**R. N. Burgess Company**  
907 First National Bank Bldg., San  
Francisco.

**BRANCH OFFICES:**  
419 14th st., San Francisco.  
1528 Broadway, Oakland.  
Walnut Creek, Cal.
